4 Hospitalized In Auto Crash At Brush Ridge

One Victim Is Critical; 16 Other Accidents Reported in County

Four persons were seriously injured in a collision on Route 23 near Brush Ridge Saturday afternoon.

Mrs. Mary Calhoun of Clio, Mich., is reported to be in "critical" condition at University Hospital in Columbus, while her husband, James, 32, and Fred Spalding, 46, and his wife, Gloria, of Columbus, are in "fair" condition at Marion General Hospital.

State highway patrolmen reported five more accidents in the county, and Marion police reported 11 no-injury accidents, while the sheriff's office reported no accidents over the weekend.

Collide Head-On

State highway patrolmen said the serious accident occurred at 3:45 p.m. Saturday as Calhoun, who was southbound and passing another vehicle, collided with Spalding's car which was northbound.

Mrs. Calhoun sustained a fractured skull and internal injuries, and her husband sustained a possible fractured back. Spalding sustained a broken left leg, crushed chest and broken collarbone. Mrs. Spalding sustained internal injuries and abrasions.

Spalding and Mrs. Calhoun were taken to Marion General Hospital in a Boyd ambulance, which then took Mrs. Calhoun to the Columbus hospital. Calhoun and Mrs. Spalding were taken to the Marion hospital in a Schaffner-Denzer ambulance.

Both Cars Wrecked

Both vehicles were demolished, patrolmen reported.

At 1:15 a.m. Saturday a car driven by Harold C. Roush, 26, of Ashley, struck another westbound car driven by Russell H. Gaskins, 23, of 673 Marshall St., as it was slowing down for a curve.

This accident occurred on Route 30-S just west of Route 203. Roush was arrested on a charge of unsafe operation and is to appear in Municipal Court at a later date.

Minor damage resulted to cars driven by Robert Laird, 23, of 217 Franconia Ave., and John McCormick of West Virginia, when they collided on Route 23 just north of the city limits at 1.50 p.m. Saturday.

Attempts To Pass

Both cars were southbound and Laird had started to turn right onto Copeland Ave. when McCormick started to pass him on the right, thinking he was preparing to make a left turn.

Texas Officials Check Reports Klan Operating

LONGVIEW, Tex. (AP)—The state attorney general says he is checking reports by his investigators that an attempt to revive the Ku Klux Klan is under way in east Texas, apparently to fight integration in public schools.

Atty. Gen. John Ben Shepperd Sunday night said his investigators have been checking Klan activities in 22 east Texas counties for more there a week. He didn't identify the organizers or say where they were from.

There is a heavy Negro population in east Texas and feelings about segregation are strong. Citizens Councils have been formed in at least four communities to fight the Supreme Court order against segregation in public schools. Many school boards have announced they will not integrate schools this year.

Shepperd said the Citizens Councils should not be confused with the Ku Klux Klan. "Citizens groups use legal means," he said. "The Klan uses fear, hatred and illegal violence."

He said all state agencies are pledged to fight the Klan and local prosecutors are on the watch for any rebirth of it.

Texas laws provide stiff penalties for operations by masked or hooded organizations.

Russia To Be Ready 'Soon' With Satellite

MOSCOW (AP)—Russia says she has fired experimental rockets with live animals aboard more than 300 miles into space and plans to follow up soon with artificial earth satellites.

Space scientist A. G. Karpenko told the local newspaper "Moscow Pravda" the satellites would be launched in the "comparatively near future." They will circle the earth from pole to pole at heights of from 125 to 1,250 miles, he said.

American researchers have announced experiments in which mice and monkeys were shot into space in rockets, but they have not claimed the rockets went as high as 300 miles. The U.S. altitude record was set in 1949 when the WAC-V2 combination soared 250 miles.

The United States announced last month that it plans to launch basketball-sized satellites between July 1957, and December 1958, to speed around the earth at 18,000 miles an hour and at altitudes of 200 to 360 miles.

Portuguese Kill 5 Indians; 38 Others Injured

Natives March Against Section of Land Still Owned by Foreigners

BOMBAY, India (AP) — Indian sources said today Portuguese police killed five and injured at least 38 of more than 3,000 Indian nationalists who marched into Portuguese India at several points.

The "nonviolent" demonstrations for the merger of Goa and other Portuguese settlements with India—timed to coincide with India's independence anniversary — appeared to be building up steam despite the lack of enthusiasm toward it displayed by Prime Minister Nehru.

About 1,000 demonstrators crossed the border of Goa and another 2,300 were reported to have entered Daman after marching two miles from the Indian town of Vapi, where a crowd of 10,000 gave them a sendoff.

Two hundred socialist volunteers entered Diu, a small island and mainland strip still farther north.

The demonstrators—Satyagraphis, followers of Gandhi who believe in nonviolent methods — demand that 1,538 square miles of Portuguese enclaves, the last foreign holdings in the country, be ceded to India. They timed their marches to coincide with the seventh anniversary of Indian independence from British rule.

France gave up similar enclaves peaceably last year. But Portugal has resisted Indian demands and strengthened border guards to resist the marchers. Their campaign is supported by Prime Minister Nehru, but only lukewarmly.

Atoms Benefit Farm Science, Geneva Is Told

GENEVA (AP)—A Swedish scientist said today that atomic energy can give agriculture a big lift by bringing up to date the anatomy of wheat, corn and other plants.

Prof. L. Ehrenberg told the atoms-for-peace conference that experiments on barley and other grains had shown that radiation, by inducing mutations or hereditary changes in the plant structure, "can increase the yielding capacity or...improve upon special characters of importance in agriculture."

Ehrenberg said the antomy and other characteristics of most plants are "still rather old-fashioned," despite 50 years of intense breeding work. Radiation, he continued, not only can induce mutations but can do it several thousand times faster than nature works the change.

The Swede said experiments already had improved grain sizes, malting properties, baking quality, protein or oil content and maturing cycles.

Most plants, he continued, "need to be reconstructed in agreement with the requirements of modern agriculture, facilitating high mechanization and intense fertilizing of the soil, in this way increasing the yield and quality but decreasing labor and cultivation costs."

In another conference session on dangers of radiation to the world's population, Dr. Bruce Wallace of the United States declared that genetic or hereditary damage from radiation is the "most insidious and protentially most dangerous" problem accompanying the extensive use of atomic energy — even if limited to peaceful uses.

Cobalt Sample Missing

GENEVA (AP) — Police scoured Geneva today for a small piece of radioactive cobalt missing from the atoms-for-peace industrial exhibition in downtown Geneva. The disappearance was disclosed Sunday night when police warned that the material might injure anyone who kept it.

Storm Diane Threatens 2 Coast States

Georgia, S. Carolina In Path of Hurricane Now 600 Miles at Sea

MIAMI, Fla. (AP)—Storm warning forecasters expected to issue hurricane warnings for the Georgia and South Carolina coasts today as weather developments pointed Diane, fourth tropical storm of the season, straight at that area.

"We're working to pinpoint the area of hurricane warnings," said Cecil Gentry, forecaster in the storm warning center here.

Alert Already Out

A hurricane alert already was out for those two states and North Carolina. Florida was out of the alerted area, but Gentry said northeasterly storm warnings (less than hurricane force) were a good possibility for the northeastern portion of Florida.

Diane's peak winds are 115 miles an hour. Any wind of 75 miles an hour or higher is of hurricane force. Diane has a band of hurricane winds 230 miles in diameter around its center.

The storm moved forward at 8:30 a.m. (EST) today at a 15-mile pace with no indication of slowing up. It was centered then a little more than 600 miles east-southeast of Jacksonville, and was moving toward the west-northwest.

Forecasters had expected Diane to turn along a slightly more northerly course and Sunday considered North Carolina and states north of there to be the most threatened.

Attracted by Trough

Since then, however, a low pressure trough extending outward from last week's hurricane, Connie, moved inland, and at the same time a high pressure ridge over the Atlantic moved westward and today covered the State of Virginia.

Connie's low pressure trough serves to attract Diane, while the high pressure prevents the hurricane from making the expected northerly recurve.

"As a result the situation has become critical for the Southeastern Coast," said Gentry. "There no longer is a question of whether we will issue hurricane warnings. The problem now is to pinpoint the area. This is being worked out and warnings without a doubt will be ordered hoisted in the 11 a.m. advisory."

Cleaning Up After Connie

Sections of the North Carolina coast were raked by winds from Hurricane Connie only last week. Damage was estimated at from 7 to 10 million dollars.

Shipping in front of the storm was advised to exercise caution.

Diane formed while Connie was still dumping heavy rains on the Middle Atlantic states. It first appeared Aug. 11 about 420 miles northeast of Puerto Rico and moved northeastward, later switching to a westerly course and then settling into its present path.

It rolled through the Atlantic Sunday, bypassing Bermuda to the south.

Korean Pact Proposed

TOKYO (AP) — Premier Kim Il Sung of Communist North Korea today proposed a non-aggression pact with Syngman Rhee's South Korean government.

Bus Service May Resume Here Thursday To Carry Weekend Crowds at Fair

Starting Date Advanced by New Operator

If Arrangements Can't Be Worked Out, Runs Will Begin on Monday

Bus service in Marion may resume Thursday afternoon. Walter Christian of 260 Latourette St., who proposes to operate a bus line here, said this morning he will attempt to begin service here sometime Thursday afternoon, then operate on a normal schedule after that.

He was in Springfield this morning to confer with officials of the Springfield City Lines, from whom he is leasing the buses.

In Time for Fair

The earlier start in service was prompted by a request from Mayor Harold Robinson that bus service be started this weekend for the convenience of patrons of the Marion County Fair, which starts Saturday.

Christian had not worked out details of the lease when contacted about 11 o'clock this morning. He said, however, that he hoped to reach an agreement with company officials before the end of the day.

Mrs. Christian said this morning that if service is started before the weekend, buses would run for Fair patrons on Sunday.

When Christian first announced last Saturday he would take over operation of the lines, he said he planned to start service next Monday. If he is unable to start service here Thursday, the earliest starting day still would be Monday, he said today.

2 Buses on Center

He plans to lease four buses from the company for the present time. Three would be operated over the regular runs on Center St. and the north and south loops, while a fourth would be kept ready as a standby bus for emergencies.

Two buses would be used on the Center St. route, providing one-half hour service between 6 a.m. and 6 p.m. Another bus would make the north and south loop runs, providing one-hour service.

Christian said all runs would originate at the Courthouse at Main and Center Sts. Because of lack of storage space, Christian

PETER GORHAM
Bullet-Riddled Body Found

Boy, 12, Missing For 5 Weeks, Is Found Slain

8 Officials of Scout Camp Take Lie Tests In Hunt for Murderer

MUSKEGON, Mich. (AP) — State Police Capt. Leroy R. Hunt said today eight Boy Scout camp officials were being given lie detector tests in the search for the killer of 12-year-old Peter Gorham.

The body of the Evanston, Ill., Boy Scout, shot in the back of the head, was found Sunday by a used car salesman as he looked over property in a desolate woods 12 miles north of Muskegon.

3rd Unsolved Slaying

Peter was the third victim of an unsolved child slaying in Michigan in less than five months.

Capt. Hunt did not name any of those being tested on a state polygraph. He declined to reveal the results of any of the tests.

Although the body had been reduced to a skeleton, Muskegon County Sheriff Axel M. Pendersen said he believed Peter was slain by a sex deviate. A small caliber bullet had penetrated the skull. The scene was five miles from the spot Peter vanished July 5 on a scout hike.

A state pathologist said the boy apparently had been dead since shortly after his disappearance.

State Police Capt. Leroy R. Hunt said several persons, including one or more camp counsellors, will be questioned.

Clothing Found

The discovery broke weeks of tension for Peter's parents, Mr. and Mrs. Frederick A. Gorham.

"At least the wait is over," Gorham commented stoically at the scene.

A preliminary sweep of the woods, once a swamp area, recovered the youth's bedroll, underclothing, shoes and pajamas. His flashlight was found beneath the body, clothed only in bluejeans.

Michigan's other two child slaying victims were little girls.

West Is Agreed On Necessity of Keeping Power

Nations of NATO See No Evidence Justifying Slash in Arms Buildup

WASHINGTON (AP) — America's European allies have agreed that the Western bloc must maintain its military power at the high level if the United States, Britain and France are to conduct further effective peace talks, with the Russians.

Officials reported today that since the summit conference at Geneva last month there have been several exchanges of views in the North Atlantic Treaty Council at Paris. The 15 member governments are agreed, they said, that there is no evidence yet on the part of the Communists that would justify any changes in the scheduled Western defense buildup.

The Soviet government announced Friday night that it had decided to reduce Russian armed forces by 640,000 men by Dec. 15.

The United States, Britain and France are expected to confer early this week on the Soviet move. Over the weekend they welcomed it as a step in the direction of reducing armaments but they were frankly suspicious of whether the Soviets would make the full cut and just what Russian intentions were.

Barring some surprise move that would drastically alter Western thinking, they seem certain to go

Guards Quell Pen Rebellion In Washington

14 Hostages Released; Were Held 6 Hours in 2nd Revolt of Summer

WALLA WALLA, Wash. (AP) — A dozen convicts armed with homemade knives grabbed 14 hostages inside the walls of the tense Washington State Penitentiary Sunday night but gave up early today after persuasion by telephone and tear gas.

Try to Free 15

No one was hurt.

It was the second revolt at the big prison in six weeks and Warden Lawrence Delmore Jr. said Sunday's rebels first tried to free 15 inmate leaders of the earlier outbreak.

They failed.

Delmore said the only concession he made to the latest group of rebels who held out only six hours was to promise individual interviews sometime today to hear their complaints.

There were reports the prisoners had presented new demands, including one that some of them be transferred to other state institutions.

Officer Gerald Lehan was captured by the rebels but released early, presumably to tell the warden what they wanted.

Officer Merle Johnson was returning a prisoner to his cell.

"I heard him say 'this is it. Don't move and do just as I tell you'. Then I felt a knife in my ribs," Johnson said. "It looked like it was almost a foot long. I didn't argue with him".

Other Hostages Taken

Other inmates took more hostages. Hundreds of convicts were in the corridors going to or from the dining hall and about 150 were in the room itself.

An attempt to free the 15 earlier rebels fizzled when tear gas dispersed the would-be liberators and they were cornered with their hostages in the stewards' room.

The warden said the prison alert was sounded and riot procedures put into effect immediately. The walls and each cellhouse were secured, and the dining area cleared.

The warden said the convicts talked among themselves about a half hour and decided to surrender.

Delmore led the last of the captured guards from the cellblocks shortly after midnight. There was no damage to the prison except for windows broken by tear gas shots.

Which Will Schmidt Choose?

Lawyer or Honeymoon— VFW To Pay for Either

WOODLAND, Calif. (AP) — The California Veterans of Foreign Wars offered today to finance either a lawyer or a honeymoon for Airman Daniel Schmidt.

VFW State Commander Thomas J. Murray told a reporter:

"Danny is our boy. Whatever he wants, we want. If he wants a lawyer we'll get one for him. If he wants to make up with Una, we'll give him $500 for a second honeymoon."

Schmidt is the 22-year-old Air Force gunner who came home from 32 months in a Communist Chinese prison camp to find that his wife Una had married another man.

The airman met privately with his wife Friday night in her lawyer's office at Nevada City. Later a source close to the couple said 20-year-old Una told Schmidt she would stay with Alford Fine, the logging camp worker she says she

Ike in Denver for Annual Work and Play Vacation

DENVER (AP)—If ever a man seemed glad to be back, President Eisenhower does in starting his fourth summer vacation in a row here in Colorado.

There was a warm "Hi, Ike!" from the airport crowd and from his Lafayette Street neighbors as he flew in from Washington Sunday night. And from the President, smiling broadly, it was "Hi, folks—it's sure nice to be here again."

Brings Clubs, Fishing Gear

Along with the chief executive came his beloved golf clubs, which he hoped to use today at Denver's Cherry Hills Country Club, and his trout-fishing gear for use in a stream high in the Rocky Mountains later in the week.

But it won't be all vacation—no more than it was in the three previous years Eisenhower has come to this state to get away from the Washington routine. His small office has been opened again at Lowry Air Force Base and he probably will spend part of most days there handling affairs of state.

Just before he left the White House, he acted on the last three of the 471 bills which Congress passed shortly in advance of adjourning. He signed one measure dealing with land for a Colorado River project, and another aimed at ending the long District of Columbia bus and streetcar strike.

The third bill he vetoed. It provided for continued stockpiling of some domestic minerals. He also allocated one million dollars in federal aid for repairing Hurricane Connie damage to North Carolina.

Mamie To Come Later

Mrs. Eisenhower did not accompany the President to Denver, her home town, but she plans to return here with him Aug. 24 when he flies to Philadelphia for the day to address the American Bar Assn. convention.

"Have a nice trip," she called

Rhee Attacks U.S. Policy On Korea; Rioting Eases

SEOUL (AP)—Demands for Communist truce inspectors to get out of Korea continued today but demonstrations quieted as Koreans celebrated the 10th anniversary of their liberation from Japan.

President Syngman Rhee Sunday opened the celebrations with a speech attacking American policy in Asia and restating his determination to remove the Neutral Nations Supervisory Commission from Korea. Koreans claim the Communist Czech and Polish members of the NNSC's truce inspection teams are spies.

Speaks to 10,000

Addressing 10,000 people in Seoul stadium Sunday, Rhee said President Eisenhower had enunciated a new U.S. policy at Geneva—one advocating a new "peace of mutual forbearance."

Rhee urged the free world to abandon any drift toward this or any other "status quo" policy and instead "roll back the Iron Curtain from areas it has illegally engulfed."

"The real problem," he said, "is not how to achieve peace but how to deal effectively with Communist aggression."

For her part, South Korea would insist upon "the liberation of North Korea" in any future negotiations, he declared.

Warns Against Violence

Halfway through his speech, a loud-speaker car began an anti-NNSC harangue outside the stadium.

"Who else is speaking?" asked Rhee, looking angrily around. "If someone else speaks I will not." He sat down. Police rushed outside to stop the noise.

When Rhee resumed, he deviated from his text to warn his countrymen against violence in their demonstrations.

U.S. Reported Asking India's Aid in Problem

Proposes She Help With Repatriation of Chinese Pupils in U.S.

NEW DELHI, (AP)—The United States was reported today to have proposed that India assist in the repatriation of any Chinese nationals in America who want to go to Communist China.

Authoritative sources said the United States had made the proposal in the current Geneva talks between Ambassador U. Alexis Johnson and Chinese envoy Wang Ping-nan, and later had transmitted it to New Delhi.

Talks in Recess

The talks between Johnson and Wang on the repatriation of Chinese in America and some 41 U.S. civilians held in China are in recess until Tuesday. Neither side has announced any progress so far, although Communist sources in Geneva have continued to express optimism about the outcome.

Sources here said the U.S. plan provided that any Chinese desiring to leave the United States for the China mainland would contact the nearest Indian consul. Their actual travel arrangements then would be handled by some unit of the Red Cross, it was understood.

An Indian government spokesman declined to comment on the reports or to say whether India would accept such a role.

Chinese Proposal

Sources in close touch with the Geneva conference had said previously that the Chinese proposed that India act as a neutral third party to investigate all Chinese nationals in the United States to determine which if any wanted to return home. The United States was understood to have rejected this on the ground it would recognize authority of the Reds over the Chinese, whereas the United States only recognizes Chiang Kai-shek's Nationalist regime on Formosa.

The United States during the Korean War refused to let Chinese students leave America if training they had been given could be militarily useful to the Peiping regime. It contends, however, that all such restrictions were removed last April and that all who wish to depart are now free to do so.

into semiconsciousness late Sunday in Seoul.

Later he said he was unable to recall what happened. One friend who found him said he saw a Korean in army uniform hastily leaving the area.

Demonstrators in Seoul Sunday paraded past the U.S. Embassy and the residence of Ambassador William S. B. Lacy. Among them were Buddhist monks and nuns who waved their fists and yelled the standard slogan — "Communist Czech and Polish Spies leave Korea."

Gen. Lyman L. Lemnitzer, U.N. Far East commander, returned to Tokyo after telling Rhee the United States was obligated under the armistice to protect the truce commission.

Eisenhower remarked that he had just that—a nice trip—as he stepped from his plane at Lowry Air Base. Coming down the ramp he spotted his mother-in-law Mrs. John S. Doud, and cut loose with a cherry "Hi, Min," his nickname for her. Then he planted a hearty kiss on her cheek.

A crowd of several hundred at the airport called greetings and then watched as the President stood with hat over heart for the "Star Spangled Banner" and went on to review an honor guard.

Tuesday or Wednesday the President plans to travel to Aksel Nielsen's Rocky Mountain ranch at Fraser, Colo., about 70 miles northwest of here, to fish swift-running and well-stocked St. Louis Creek for trout.

When Eisenhower pulled up last night at Mrs. Doud's buff-colored brick home, a big crowd was there to greet him.

He shook hands with several of the neighborhood youngsters with whom he became acquainted in other years.

Expect Propaganda Play

But diplomatic experts are becoming increasingly uncertain how long this will be true. They expect Russia to make a big play in coming months for public opinion pressure to force cuts in Western arms expenditures and troop levies.

Their gestures cost them little and their promises cannot be checked.

Sen. Bennett (R-Utah) commented the Russian move "might have more meaning if we knew what percentage of total Russian military manpower it represents."

Sen. O'Mahoney (R-Wyo) said it should be viewed with "greatest caution." Sen. Watkins (R-Utah) called it "interesting but no reason for reducing our military strength in the slightest."

Rochester, N.Y., Champ Wins National Race; Ohioan Is Fifth

Fourteen-year-old Larry Craig, Marion's representative to the All-American Soap Box Derby at Akron, made a creditable showing in the big race Sunday by finishing 8th among 154 contestants.

Craig is the son of Mr. and Mrs. Oren Craig of 752 E. Center St. and will enter the sophomore class at Harding High School next month.

For his effort, Craig won a special prize.

:—

A FAST-GROWING youngster from Rochester, N. Y., Richard T. Rohrer, won the 18th annual derby by crossing the finish line at the end of a 975-foot incline half a length ahead of David C. Thayer of Detroit, Mich.

A six-foot, one inch 14-year-older, Rohrer overcame two obstacles before entering the derby at Akron. He grew out of his first car when he became eight inches taller than last year, rebuilt it and gained 34 pounds during this summer, and then had to diet to meet the derby's weight limit of 250 pounds for boy and car.

Rohrer, son of Dr. Henry D. Rohrer, a dentist, exclaimed following the race to an Associated Press reporter, he was "pretty sure I would win" and on the final run "kept saying crazy things to myself, like 'you're the All-American boy.'"

:

TO ROHRER went a $5,000 college scholarship. He plans to study medicine at Georgetown University.

Albert Cobble of Long Beach, Calif., was third in the derby, Michael Chick of Dover, N. H., was fourth, Norman Esterbrook of Columbus, O., fifth, and James Hall of Lafayette, Ind., sixth.

The runner-up and next three finishers received college scholarship awards of $4,000, $3,000, $2,000 and $1,000. Hall received a television set.

Martin Lorden, 19, of Caledonia, was eastbound on Route 30-S about one and one-half miles east of Marion, when he lost control of his car and it skidded off the road and overturned in a ditch. Slight damage resulted to a fence owned by Wayne Weir. The car was demolished, patrolmen said. This accident occurred at 4:35 p.m. Saturday.

Moderate damage resulted to two cars which collided on Route 95 less than one mile west of New Bloomington. They were driven by Buford L. Schaber, 16, of New Bloomington, who was eastbound and making a left turn, and Vernon C. Kinsler Jr., 28, of New Bloomington, who was northbound and proceeding straight through onto County Road 95. The accident occurred at 3 p.m. Saturday.

One accident, which occurred at 5:30 a.m. Sunday, was reported on post at 3.25 p.m. Sunday. Chester B. Taylor, 36, of 582 Catherine Ave., told patrolmen he was northbound on Route 203 just south of Route 739 when his car skidded off the road and into two highway signs. Moderate damage resulted to his car.

11 Accidents in City

Marion police reported 11 minor accidents over the weekend.

One happened at 1:15 p.m. Saturday in front of 859 E. Center St. A car driven by Robert L. Murphy, 27, of Caledonia stopped for a traffic light and was struck in the rear end by Mrs. Geneva I. Miller of 132 Barnhart St. Minor damage was done to the cars but Mrs. Miller was arrested on a charge of reckless operation and will appear in Municipal Court later.

At 2:56 p.m. Saturday, police reported another accident in front of Frank's Shoe Repair Store on W. Center St. near Leader St. A car driven by Roy Clifford Buckingham, 47, of 296 Uncapher Ave, struck the rear of a car driven by Harold F. Saunders, 35, of 138 St. Clair St. Saunders had stopped for traffic and Buckingham told police he skidded on wet pavement.

At 4 p.m. Saturday, police investigated an accident on W. Center St. in front of the Chesapeake and Ohio Railroad freight house. A car driven by Herbert Trent, 46, of 332 Nye St. and one driven by Jay W. Van Gorden, 60, of 547 N. Main St. collided. Police reported Van Gorden was pulling out of a parking place and struck the Trent car.

At 5:34 p.m. Saturday, cars driven by William J. Todd, 20, of 619 Wood St. and by Mrs. Helen Marie Morbitt of 219½ N. Main St. collided at the intersection of N. State and E. George Sts.

On Sunday at 12 08 a.m., two cars collided at the intersection of S. Prospect St. and Thew Ave. They were driven by Bernard B. Brooks, 40, of 224 Thew Ave. and Donald L. Furniss, 36, of the Milner Hotel. Brooks told police he was making a left turn from Prospect St. onto Thew Ave. and collided with the Furniss car. The car driven by Furniss was removed from the scene by a wrecker.

Each of the other six accidents reported over the weekend involved total damage of less than $100, police estimated.

Quakes Rock Indonesia

JAKARTA, Indonesia (AP) — Ten earth tremors in 24 hours have caused heavy damage in the small town of Sumedang, 25 miles northeast of Bandung, it was learned today. Reports said the quakes, which started Sunday destroyed or damaged about 200 houses.

Man Dies of Burns

LANCASTER, Ohio (AP) — Leslie Harper, 35, scalded Friday in his dry cleaning shop, died today in a hospital.

Harper, co-owner of the cleaning firm, was injured while adjusting steam apparatus in the basement of his shop. Five pints of blood used in transfusions failed to save his life.

5 Masked Men Attack Guards At British Base

LONDON, (AP)—Five masked men attacked guards at a British army garrison in Wales early today in the second raid on a military depot within 48 hours.

Lt. Col. Lord Langford, commander of Kimmel Park garrison near Rhyl, said one sentry blew his whistle to alert the camp and the attacking men fled.

Nothing Missing

"Nothing is missing from the camp and they did not get to the armory," he said in a statement.

Lord Langford did not identify the raiders.

Two days ago a gang believed to be members of the outlawed Irish Republican Army raided an army depot near Reading, England, and escaped with machine guns, rifles and ammunition.

Three young Irishmen were arrested, two of them in a truck loaded with ammunition, a few hours after the raid. Police launched a nationwide hunt for the other men, estimated at from 5 to 20 in number and described as "desperate and dangerous."

The IRA is dedicated to driving the British out of North Ireland. The Sunday Express quoted a leader of the outlaw group as saying new violence is inevitable.

Queen Gets Extra Guards

The Sunday Graphic reported yesterday that extra guards had been rushed to Balmoral Castle in Scotland, where Queen Elizabeth II and her family are vacationing. It said other guards had been sent to Prime Minister Eden's country cottage in Hampshire.

Scotland Yard declined to confirm the Graphic's report. A spokesman said only, "Security arrangements exist, of course, but they can't be discussed."

Gen. Edson Found Dead; Was Hero of Guadalcanal Drive

WASHINGTON (AP) — Maj. Gen. Merritt A. Edson, winner of the Medal of Honor as leader of "Edson's Raiders" during the World War II campaign for Guadalcanal, was found dead Sunday in the garage of his home.

The body of the retired Marine Corps officer was found by his wife, lying on the front seat of the family auto. Deputy Coroner Richard M. Rosenberg said death was due to carbon monoxide poisoning.

Edson, 58, was executive director of the National Rifle Assn. and former head of the Vermont state police. He retired from the Marine Corps in 1947 after 30 years' service.

Capt. Merritt A. Edson Jr., a son of the general stationed at the Quantico, Va., Marine base, said his father had been "very tired" and "feeling very badly about the American prisoner of war question."

NO FISHING!

MANHATTAN, Kan. (UP) — Kansas has a lake with 50,000 black bass — and strictly no fishing! The fish are fingerlings dumped into the new Manhattan state lake. The lake now has 20 acres of water. In about two years, when the bass are big enough for legal fishing, it is expected the lake will have 80 acres of water.

Communists Better Organized

San Marino Stays Red; American Votes No Help

SAN MARINO (AP)—The 1,600-year-old little republic of San Marino has chosen to remain a Communist isle in Western Europe for four more years.

Ninety-seven San Marinese who now live in Detroit, New York and Sandusky, Ohio, failed in their 11th-hour transatlantic attempt to win their countrymen over to Western democracy in Sunday's election.

Stunning Victory

Instead, the Communists and their Socialist allies won a stunning victory in this 38-mile-square hilltop nation, perched in the Apennines inside Italy's border.

The Reds and Socialists — their political machine entrenched here since 1945 and operating with military precision — literally carried the old, halt and blind to the 13 polling places.

To counteract the influx of crusaders from America, the Communists gave hundreds of sympathetic San Marino workers free trips home from Belgium, France, Switzerland and Italy.

Under San Marino law, former residents who have not become citizens of other countries are eligible to vote.

The Reds probably will control 37 seats in the 60-seat legislature, the Grand Council. Previously they had held only 31. The Council elects the two captain regents who head the government.

Increase Margin

Final results today showed the leftists rolled up a total of 3,006 votes to 2,257 for the Christian Democrats and their allies. The Red margin of victory had been only 127 votes in the 1951 election.

The figures, with 1951 totals in brackets, were: Communists, 1,669 (1,305); Socialists, 1,339 (985); Christian Democrats, 2,011 (1,917); pro-Western Social Democrats, 246 (248).

The Red victory, however, was not expected to produce any startling change in the little republic. The leftists have tried to boom tourist trade and promote commerce. They have enacted no real Communist or Socialist legislation.

There were no disorders during the balloting.

Scattered among the voters were U.S. residents like Vitaliano Lividini and Adamo Gatti, of Detroit. They were part of a task force of San Marinese from America who were rounded up by Miss Mariam Micheloti, energetic anti-Communist woman's leader who had been angered by the Reds' refusal to let her sex vote. Most of the group from America came by chartered plane last week.

Automobile Stolen

Theft of an automobile from a dealer's lot was reported to police Saturday afternoon by Ben T. Wiant, president of the B and B Motors Inc. on N. Main St.

Wiant told police that sometime during the week someone had taken a 1947 model club coupe Plymouth from the rear of the lot. He said there was no license plate on the vehicle.

AWARDS IN GAMES and contests were as follows: Children, Jack Miller, Margy Millisor, Peggy Marble, penny scramble; Carnen Cozad, Michael Bosser, shoe hunt; Nancy Walker, Robert Kessler, balloon blow and break; Caroline Greer, Madge Wicklam, bubble gum blow; Lee Simmons, Steven Lenser, ping pong ball toss; Francis Adams, Jimmy Boyd, watermelon eating; Martin Finley, Jimmy Owens, Glenda Leeper, Pamela Hall, hop and jump.

Adults, Mrs. Merlin Nelson and Paul Farley, nail driving, with Mrs. Nelson winning the playoff; Wanda Klingel, Delano Klingel, belt relay; Dorothy Furry, bubble gum blow and balloon break; Wanda Klingel, Delano Klingel, egg toss; Bobby Knotts, watermelon eating; Janet Brady, shoe toss.

Amateur contest winners were Beverly Koons, first, Ned and Melanie Throckmorton, second and Bud and Judy Mowers, third. Frosty Gustin, of the Marion Power Shovel Co. was in charge of the contest.

—:—

IN A GOLF tournament at the Mar-O-Del Course in the morning the honors went to Robert Holloway, Al Brady, Walter Corrigan, Mike Morrissey, Bob Wells and Harry Carey of the Marion Power Shovel Co. and Martin Lewis and P. Rogers from the Osgood Co.

The Donkey baseball game featured donkeys belonging to Ralph Godfrey of Crescent, Okla.

Conducting the games were Arthur Haas, executive secretary and Dean Ludwig, athletic director of the YMCA.

James W. Arnold was general chairman for the outing. On the refreshment committee were Harry Huddle and Gerald Messenger of the MPS, Tom Gallagher, Commercial and Ronald Bibler, Osgood. Verland Rorick was in charge of the donkey softball game, and pony rides were arranged by Ray Lash, Charles Kornk and Bob Higgins.

Milk on Tap in Homes Is Prospect for Future

LUFKIN, Tex. (UP)—Distribution of milk directly into home by a pipeline in the next 25 years is foreseen by a Texas A. & M. College scientist.

Dr. E. V. Moore, head of the research department of dairy manufacturing, told a Lufkin civic group that the day will come when a housewife no longer will have to go to the store to buy milk.

"She could just open a spigot in her kitchen," Moore explained. "A meter on the pipe would determine the amount consumed and bills could be paid in the same manner as gas, electric or water bills."

Moore said scientists have developed such an idea on a small experimental scale and have found it successful. He looks for it to come on a commercial basis within 25 years.

Doctor Faces Life in Prison As Wife Killer

(Picture on Page One)

MCALESTER, Okla. (AP) — Dr. Ben T. Galbraith, who once said, "I want to die as quickly as possible," will be sentenced Tuesday to life in prison for the murder of his wife.

The 34-year-old physician, a former president of the Pittsburg County Medical Society, slumped in his chair, white-faced and forlorn near midnight Saturday when the jury returned its verdict. The panel deliberated but for a single hour.

The jury, according to Oklahoma law, fixed the punishment at life imprisonment. Sentencing will be a formality for Dist. Judge W. A. Lackey.

Galbraith was found guilty of murdering his 34-year-old wife, Mary Katherine, on the morning of March 17. According to testimony, he bludgeoned her with a vermouth bottle and injected morphine into her. Then he burned the house.

Also found dead in the ruins of the residence were the bodies of the Galbraiths' three children, Frank, 7, Jere, 5, and 4-year-old Sarah Ann. He is charged with their murders.

County Atty. James P. Whyte said that as to the other three murders he would "wait and see" what the defense decides to do.

The defense offered in the six-day proceedings as that Galbraith was insane at the time of the murder and "is insane now."

The jury of 12 fathers could have sent him to the electric chair, to a mental hospital "until discharged" or to prison for life.

Buses

plans to park the buses at the Courthouse overnight.

He said he would do his own mechanical and supervisory work. Members of his family will handle the job of keeping the vehicles clean. Christian has built a small service garage at the rear of his home which he will use for his repair work.

He said that by cutting costs, he hopes to be able to realize a profit from the venture.

The Springfield lines operated the buses here for 15 months, but quit last month after losing $4,500 during that period.

At the time the company announced it was leaving, it offered to sell the buses to the city for $1,000 each, or lease them for $100 apiece for each month.

The city declined the offer, but Christian decided he would attempt to operate a bus line under the same lease terms.

He said that when school opens, extra buses will be provided to handle the children.

Satellite

(Continued From Page 1)

Russia's commission on interplanetary communication, said data collected from the rockets was very sketchy, since the missiles were only in space a few seconds.

Observations from permanent artificial satellites should prove much more satisfactory, he said. He reported they would take slow motion movies of surface phenomena on the sun, study the ionosphere, ultra violet and X-ray irradiation of the sun and the stars and cosmic rays.

These are the same general aims of the American satellite program announced by the White House.

10th Anniversary of Her Defeat Marked in Japan

TOKYO (AP)—Japan observed today the 10th anniversary of its crushing defeat in 1945, discussed the occupation that followed, and looked to the future.

Prime Minister Ichiro Hatoyama keynoted the day with a statement which praised the U.S. occupation for averting starvation and thus "staving off fascism and communism."

Japanese mourned the war dead of all nations in Buddhist and shinto prayers before green-banked altars in many cities.

The newspaper Maninichi said, "It is not a simple matter to build a middle of the road democracy. . . But that is the happiest road for Japan."

Mother and Son Attend School Class Together

PORT WING, Minn. (UP)—Mrs. Tekla Johnson, 44, of Oulu, takes her son to school each day—then stays to study along with him.

Mrs. Johnson, whose formal schooling was interrupted in 1924, enrolled in high school last fall with her 16-year-old son, Fred. She said she had never given up hopes that she would be able to go back to school and graduate.

"The first day of school last September everybody thought I was the new home economics teacher instead of another freshman," Mrs. Johnson said

Shigemitsu

By George Sokolsky

The news that Mamoru Shigemitsu, Minister of Foreign Affairs of Japan, is coming to the United States, is, indeed, welcome because Shigemitsu was a good friend of the United States long before it was profitable and for it, he got a very dirty deal.

SOKOLSKY

Of Shigemitsu's attitude toward this country in the 1920's, Herbert Elliston, formerly editor of The Washington Post, and I probably are the best informed. We both had much to do with him when we were young men and when Shigemitsu was not very important, to say nothing about us. Actually, Herbert Elliston and J. B. Powell, the martyred American journalist, were not over-friendly to Japan during part of this period and Powell hated the Japanese with a fervor of which I am incapable as I believe Elliston is.

—:—

YET WHEN, under Russian pressure, Shigemitsu was tried as a war criminal, Powell, in a wheel chair and dying from the harsh treatment he suffered at Japanese hands, went to Japan to testify in Shigemitsu's favor. I was told that an affidavit would be sufficient. At any rate, I swore to an affidavit giving the full facts of my relations to Shigemitsu and setting forth the reasons why he must be regarded as one who at great risk displayed his friendship for both the United States and China.

I have never seen Elliston's affidavit but I believe it was similar to mine, only stronger.

Our affidavits were thrown out, the Russian judges insisting upon personal appearances.

-:-

SHIGEMITSU went to prison as a war criminal only because the Russians hated him.

I quote from what I wrote in 1933 in "The Tinder Box of Asia":

"Mamoru Shigemitsu, was councilor of the Japanese legation, young, ambitious, frank, with a keen sense of humor and a sociability altogether unlike the frigid formality of most Japanese diplomats.

"Baron Shidehara entrusted to him the conduct of Japan's China policy. Baron Shidehara, while he was acting premier, gave Shigemitsu a fairly free hand. Between him and T. V. Soong grew up a delightful and important personal friendship. They worked together on many questions and helped each other.

"For a historical moment it appeared that China and Japan were on the verge of a successful termination of a feud which had commenced with the Twenty-one Demands in 1915 and had continued through all the political changes in both countries."

-:-

I WAS IN JAPAN between March 10 and 17, 1931, and I quote from my notes made at that time:

"The Japanese would like to go ahead with the plan now being considered by Soong and Shigemitsu, I was told, and will be ready to make reasonable sacrifice, provided all the other creditor countries made similar sacrifices. At any rate they were anxious for speed in settlement, as they believed that speed involved a tremendous advantage to the Chinese government, while, at the same time, it would close this question in Japanese political and financial circles and engender a better atmosphere.

"The opinion was expressed by persons in autority in Tokyo that Japan would place no obstructions in the path of the Nanking government.

"I was informed in Tokyo that it was urgent that something should be done, because economic conditions in both countries required a settlement . . ."

-:-

BARON SHIDEHARA, then minister of foreign affairs, told me that if these conciliatory efforts failed, not only would China suffer the consequences but that 80 years of progress in Japan would disappear.

Shidehara and Shigemitsu had no illusions as to the danger. Unfortunately there were too many people in China who were certain that war between China and Japan would eventually mean war between Japan and the United States, and that that would benefit China.

There were also those in Japan who wanted such a war because they believed that Japan was ready to defeat the United States.

-:-

BOTH SHIDEHARA and Shigemitsu were convinced that such a war would only benefit Russia.

After the war came, Shigemitsu served his country faithfully as any decent person would do. Millions of Americans were opposed to our participation in World War II, but when it came, they not only served valiantly and wholeheartedly, but many of them gave their lives in a cause in which they did not believe.

That is the acme of patriotism. For that, we should honor Shigemitsu as a symbol of patriotism and loyalty.

Boner in China

By Victor Riesel

HONG KONG

Up at the Bamboo Border the other day some newsmen tried to take pictures of the no-man's-land between the Western and Soviet world— guarded by helmeted carbine carrying Red soldiers. The Commies flashed mirrors into the camera lenses. They would not let us come away with pictures of even a tiny corner of their world.

VICTOR RIESEL

And for good reason. It is crumbling. It is starving. Its political Communist party cadres, made up of the most trusted veteran Communists, are cracking, defecting and are being executed.

If the British had not closed the border here so that only one Chinese refugee can come in, in exchange for one Chinese who wants to return to the Communist side, there would be millions more in Hong Kong. But only a handful of Chinese go back to Red China.

-:-

WITH JUST A LITTLE tightening of the screws, the Western world might have created real havoc inside Communist China. But we didn't. Instead we bolstered the Communist prestige internally and throughout Southeast Asia by meeting with them.

Whoever made the decision to meet with Peiping's representatives — whoever urged it on the President — has ignored scores of reports from our own U.S. Asiatic experts here.

They are almost unanimously opposed to dealing with the Chinese Communists at this moment. I make this as a flat statement. I repeat that the State Department and other U.S. foreign service divisions have scores of reports from Asia saying that we will be hurt by giving Peiping international prestige by meeting with its diplomatic representatives.

-:-

ONE THING IS certain. We had the Communists in China on the spot.

There is, for example, in the records of at least one of our many headquarters in this part of the world, evidence that Peiping China itself has admitted that some 150 million of its people are desperately hungry. Millions actually have died of famine. Floods have wiped out farms, rice paddies and even industrial plants.

There is brutal rationing inside Communist China. Chinese from the mainland have walked into our diplomatic offices here, carrying their ration cards. We know from these cards that the Chinese are entitled to all of four ounces of edible oil—A MONTH. Ask the ladies; they know what this means in a kitchen. You starve!

-:-

RICE AND GRAIN are so scarce that even State enterprises across the nearby border have begun to fake their records so they get bigger allocations of food.

I have before me a report from inside Red China. It says: "The Taiyaan Steel and Iron Foundry and other units in Shansi . . . included 4,000 non-existent people in their returns so that they might buy nearly 60,000 more catties of grain." In other words, the managers of these socialized firms put ghost names on the payroll to get their rations.

The penalty of this is death. But if they don't chisel, they'd die anyway—of starvation.

So hysterical is the Red regime that it is going in for a terrific ersatz program similar to the old Nazi plans.

-:-

EVERYWHERE THERE is an "Eat Less Rice" campaign. Women are harnessed to plows and pull big machines because the animals are too valuable to exhaust.

Granaries are empty. Thousands of farmers have rioted. They have been shot down by Red troops. I take this from the official records of our government.

The Peiping government even demands the factories, schools and hospitals submit a minutely detailed monthly report on how much the workers, students and sick people have eaten. But the government still exports rice and other foods.

I have seen carloads of rice, cattle and pigs roll into Hong Kong from Red China.

Why the exports?

-:-

THE ANSWER IS in a recent editorial of the Tienstin "Ta Kung Pao," a daily. It said: "If everybody consumed one tael (two ounces) less grain a day, two billion catties of grain could be saved." The proceeds could buy "over 1,300 fighter planes," the paper advised.

Against whom do you think they plan to use these fighter craft? But just at the moment when Soviet China could have been forced to feed its people instead of building a war machine against us, we bolster them.

On whose advice did the President act? Certainly not on his experts out here!

Guardian Angels

By Ed Creagh

(For Vacationing Hal Boyle)

WASHINGTON

There were these two angels sitting on a cloud in heaven—

Well, not exactly sitting because angels don't have bodies. Besides, there aren't any clouds that high. But anyway these two angels were resting themselves, so to speak, both off duty, just taking it easy, when a silvery whoosh passed by, and:

"Glory be!" exclaimed the first angel. "Whatever do you suppose that was?"

"Space ship," said the second angel, just for something to say. "Looked like the mars express to me. Thought, I recognized the brakeman. Fellow named—"

"Stop that!" protested the first angel, who was the serious type. "You know perfectly well they haven't got space ships on earth yet."

"Okay," said the second angel. Like all angels, he had an angelic disposition. "Chances are," he said "that was the satellite. You've heard about the artificial satellite?"

—:—

"I'VE BEEN BRIEFED," said the first angel, cautiously. "Whose satellite to you suppose it was? It was going fast enough—around the world in 90 minutes, or whatever the figure is. Whose was it, do you think? Ike's? Or that fellow Bulganin's."

"Hmmmmmf," smugged the second angel. He'd been on headquarters detail lately and wasn't going to tell all he knew. "It's a little bit classified," he teased.

"Keep it to yourself, then," the first angel said, struggling to maintain the disposition expected of him. Even angels have their problems.

"I'll tell you," the second angel relented, "if it won't go any farther. You've got the general idea? These people shoot basketballs, or whatever they are, 'way up into the air and then the things circle the earth like moons."

"Everybody knows that," said the first angel. "Pretty primitive. Why, on some of the other planets—"

"Sssh!" the second angel wagged a roguish finger. Well, he didn't wag a finger, exactly, because angels don't have fingers, but your get the idea. "Please don't," said the second angel, "indulge in loose talk. They've got enough fancy ideas down on earth now.

"Anyhow, these earthlings volleyed up a couple of those tin basketballs. The Americans sent one up. The what - do - you - call 'ems—"

"They sent up another one. The two satellites chased each other around. They took pictures of each other. They bounced radio beams off each other. They were almost human, you know. They had a built - in curiosity. Finally they moved in close to one another."

—:—

SOMETHING HAT could have been a huge chuckle rattled the thin almost-atmosphere.

"Well?" demanded the first angel. "Don't leave it up in the air. What happened?"

"These two satellites," chortled the second angel, "discovered they had more in common than the people who created them. So they eloped—ran off together into outer space. They're—honeymooning, I think the word is, somewhere in the stars right now."

"Heavens!" breathed the first angel. He didn't breathe it, exactly, because angels have no lungs, but you get the idea. "Then what", he demanded, "was that silvery thing whooshing past us just now?"

"This is strictly off the record, Joe," whispered the second angel, "but that's a phoney the Boss had the back-room boys whip together to keep both sides happy down there on earth.

"Well, time's up. Back to the salt mines. Who're you guardian angeling this week? Bulganin?"

"No, Ike. Got to be down there soon, too, or I'll miss the plane to Denver. Sometimes I wonder what those earthlings would do without us."

Man Runs for Plane, Is Killed by Propeller

KANSAS CITY (AP) — Apparently in the mistaken belief that his plane was about to take off, a Tulsa publishing executive was killed Sunday when he ran toward a plane at Municipal Airport and was hit by a whirling propellor.

The victim was William H. Atcheson, 49, district manager of the Gulf Publishing Co. of Houston, Tex.

Atcheson was on his way from Tulsa to Minneapolis and was here on a 21 minute layover. About ten minutes before his Braniff Convair was scheduled to take off, a Braniff DC3 started to taxi to a runway for a takeoff.

Airport authorities said it appeared Atcheson thought that was his plane, spurted out to the field, and accidently ran into the propellor.

2 Fugitives Held By Police in Lima

LIMA, Ohio (AP) — Lima police said today they were holding two fugitives, one wanted in Wisconsin and the other in Georgia.

Charles L. Gregg, 27, of Augusta, Ga., was held for the FBI after he told police he was driving a stolen car at the time of his arrest. Police said he is wanted as an escapee from a work gang in Richland County, Ga.

Rudy Spinten, 35, formerly of Canton, Ohio, and held here on a vagrancy charge is wanted in Wisconsin as a parole violator, police said. He served a term in Wisconsin for assault and robbery, authorities said. Spinten told police he would fight extradition.

Police Seek Molester

Juvenile officers of the Marion police department are investigating the alleged molesting of a seven-year-old Marion girl at a local theater Saturday afternoon.

The parents of the girl told police the girl had gone to the State Theater Saturday afternoon with her brother. She told her parents an older boy, about 15 or 16, had sat down with her in the show and made improper advances toward her. She said he also followed her home after she left the show.

Night Termed Best Time To Buy Home

CHICAGO (UP) — "Before you buy that dream house, go back and look at every room and closet after dark."

That was the advise issued by the American Home Lighting Institute which said that lighting is the most neglected feature in the average home building and home furnishing plan.

A recent survey showed that only $32.14 worth of light fixtures is in the average home though a minimum of $200 is required, the institute said. It offered this six-point check list for prospective home buyers:

1. Make sure there is at least one ceiling fixture in every room, closet and hall.
2. Look for valance or cornice lighting installations over the drapery window.
3. Make certain living and dining room walls are fully lighted.
4. Check kitchen lighting to make sure there is an overhead fixture as well as specific lights for the sink and other work areas.
5. Make sure that there is a ceiling fixture plus lights on both sides of the mirror in the bathroom.
6. Check that all stairway, entrances and garage doors are lighted as a protection against dangerous accidents and robberies.

SCHOOL CHECK

ALBANY, N. Y. — (UP) — New York state received a check recently for $3 63. The check represented the state's share of proceeds from the sale of an abandoned school house near Brownsville, Jefferson county. The old school was sold five years ago, for the sum of $100 01.

Boy Swept Half a Mile In Water Pipe, but Lives

COROA, Calif. (AP)—A 15-year-old boy was swept a half mile through a 36-inch diameter underground pipe Sunday but escaped with a head bump his only apparent injury.

Mike Elliott of Torrance, Calif., and three other youths were swimming near a flood control dam. Unwittingly Mike swam into a structure housing the intake of a spillway pipe. He was swept under water into the mouth of the pipe by the current.

His companions attempted to rescue him, then climbed to the top of the dam, halted a passing car and raced to the outfall of the spillway pipe. By the time they arrived, picnickers had seen the unconscious Elliott float out of the pipe and pulled him to the bank. An unidentified nurse revived him with artificial respiration.

6 Nabbed in Dope Raid

PITTSBURGH (AP)—Federal narcotics agents and city police last night raided a North Side laundry which they described as a narcotics supplier to users in Cleveland, Youngstown, Ohio, and Pennsylvania and West Virginia cities. Agents said they seized heroin and opium valued at $50,000. Six Chinese were arrested, including laundry owner Yee Hing, 61.

Son of Bing Crosby Hurt in Auto Crash

RAYMOND, Wash. (AP)—One of crooner Bing Crosby's sons, Pvt. Phillip L Crosby, 21, is in a Raymond hospital today with a broken back.

The young soldier from Ft. Lewis drove through a guardrail down a 20-foot embankment into the Willapa River bed while trying to get back to his Army KP duties early Sunday.

At the New Riverview Hospital, it was said Phillip had three fractured vertebrae and minor lacerations. One of the spinal fractures was in the neck. The other two were lower down in the back.

He will be hospitalized several weeks.

First Witness In New House Red Hunt Balks

NEW YORK (AP)—The very firht witness balked at answering questions today as a House of Representatives committee launched hearings into alleged Communist influence in the entertainment industry.

George Tyne, a 38-year-old stage, screen and television actor, refused to say whether he had belonged to a Communist cell in Hollywood in 1944.

He said that and other questions about relationships with admitted Communists was an invasion of his constitutional rights.

Rep. Francis E. Walter (D-Pa.), chairman of the House Subcommittee of Unamerican Activities, said as the hearing opened that it would seek to identify entertainment figures "who are or were" communists.

He said the object also is to expose those "who are using or did use their influence to promote the objects of the Communist Party within the entertainment field."

The committee, he said, probably will be accused by some witnesses of being "an instrument of fear to be raised over the heads of the television and radio networks or the Broadway producers."

Twenty-seven persons have been subpoenaed.

Referring to previous red-hunting probes in Hollywood, Walter said it had been learned that many individuals with knowledge of Communist activity returned from Hollywood to New York.

BOY WINS TOP PRIZE FOR ROBOT. Sherwood H. Fuehrer, 14, of Cranston, R. Y., gets the robot started on its routine of walking, talking and light-flashing at the 9th Annual Industrial Arts Award show in New York. Fuehrer said he spent a year putting "Gismo" together at a cost of about $15.

Man Sucked Into Storm Drain; Survives Ordeal

BALTIMORE (AP)—John W. Calvert, 47-year-old crane operator, stepped outside his suburban home Sunday to clear debris from the mouth of a storm drain.

Suddenly the swirling waters whisked the 220-pounder feet first into the two-foot-wide pipe. Seconds later he was dumped bloody and bruised into a 10-foot pool—180 feet from the start of his near-fatal trip.

He suffered a gash on his head and huge bruises on his sides but he refused to go to a hospital.

Sycamore House Destroyed by Fire

SYCAMORE — Fire of undetermined origin destroyed the four room home of Tom Moler here about noon Saturday. The house was situated in the section of Sycamore known as Old Town, north of Sycamore Creek.

Moler, who lived alone, was in downtown Sycamore at the time the fire was discovered by neighbors, Hershel Hannum Sr. and Charles Babcock. The Syacmore fire department was called, but was unable to save anything.

Two tanks of bottled gas, used by Moler in cooking, exploded soon after the fire was discovered and the extreme heat kept neighbors from removing any furniture. There was no insurance.

Moler is staying at the home of his son, Sherwood Moler, and his wife in Sycamore for the present.

An average of 224 tin cans for every American was made in 1954.

THE DANGER OF A HEARING LOSS

Why is it harmful to delay? If there is the slightest risk that the deafness is progressive, action must be taken to forestall social, temperamental and mental damage. Prevention is much easier and more effective than patching up after the worst has happened.

Woman in Carey Bound to Jury on Charge of Assault

UPPER SANDUSKY — A Carey woman will face the Wyandot County grand jury on a charge of assault with intent to kill when the panel meets early in September.

Released on bond of $1,000 is Mrs. Irene Wagner, 43, of Carey. The bond was set by Acting Mayor Harry Rook at a hearing in his office Friday. The charge was the result of a fight Thursday night in a Carey tavern between Mrs. Wagner and her husband, Woodrow.

Police were told she hit her husband with a beer bottle as he turned to speak to another person in the bar. Several stitches were needed to close the wound on the back of his neck, just below the hairline, when the injury was treated at the office of a Carey physician. Wagner was taken to the home of his father, Mayor Grover Wagner, in Carey, after treatment by the doctor.

Prior to the fight at Carey, the couple had been drinking at a bar in Findlay, police said.

Suit Against Marion Resident Is Dismissed

BUCYRUS — Dismissal of a $349 action for money of Mrs. Maybell Bittikofer, Bucyrus, as executrix of the estate of her late husband, A. J. Bittikofer, against James Purvis of near Marion, was announced here today by Mrs. Mabel Mullen, Crawford County clerk of courts.

The action was dismissed with prejudice to a new action.

In her petition filed July 28, Mrs. Bittikofer claimed $349 was due her for a farm implement and labor.

Oil Plant Entered

Burglars who broke into the Sinclair Oil Co. bulk plant on Silver St. over the weekend apparently made off with only a new battery, police reported today. The break-in was discovered Saturday morning by Carrol Hord, an employe of the firm.

Police found entrance had been gained by forcing open the front door of the plant after breaking a heavy padlock on it. Officials of the firm reported the new battery was the only thing taken from the place.

Galion Youths Arrested

GALION — On complaint of neighbors, Galion police arrested an 18-yearpold youth and a boy of juvenile age early Sunday morning after they were found intoxicated.

They were James Thomas, 18, of near Galion and a 15-year-old companion. The latter was held over night and released to his father Sunday.

Thomas is slated for a hearing in Municipal Court today on charges of intoxication and disorderly conduct.

Debt Growing

Buying on 'Cuff' May Be Getting Some in Trouble

Today's total of consumer credit worries many economists and government officials. People are buying more things on the cuff than ever in history. In the first of three articles, Sam Dawson, AP business news analyst, reviews this highly controversial situation.

By SAM DAWSON

NEW YORK (AP) — The sudden hullabaloo over consumer credit—particularly over the growth of instalment debt—is causing many families today to take a second look at their budgets.

Some may find that the dollars they still owe on their new car are more than they could get for it in the market. Others may find that the lure of buying all their hearts desired—and hiding the sad news by putting it on the cuff—has got them beyond the family's income depth.

First of a Series

But most, by all accounts, will still be in the clear—and even able to take on a little more. The chances are, however, that credit rules may be tightened a little and lenders a little more curious about your financial prospects.

—:—

THIS IS BECAUSE, up at the level of the deep thinkers, the administration and the nation's bankers and the finance companies—and the merchants and manufacturers who have been building a sales pyramid on consumer credit—have been looking at the debt total, too. They view the problem from three angles:

1. The size of the debt. Many fear its record total and recent rapid rise is a danger to the nation's economy—although admittedly it has played a star role in making times look as good as they do.

2. The quality of the debt. Many fear that terms are being made too easy and credit is being extended to persons whose ability to repay is questionable, especially if the economy should get a jolt.

3. The new attitude toward debt. Many see a postwar generation coming along which looks on debt as the accepted way of living and never expects, nor wants, to be free of it.

At the end of 1939 Americans were carrying an installment debt load of 4½ billion dollars; and the total of personal incomes after taxes was 70 billion a year. At the end of 1949 installment debt had risen to 11½ billion, and disposable income to 187 billion.

By the middle of last year installment debt had climbed to 21 billion and disposable income to 254 billion. This summer installment credit spurted to 25 billion and disposable income to an estimated 269 billion.

—:—

AMERICANS NOW owe 455 per cent more because of their on-the-cuff buying than they did before World War II, while their total annual income is 284 per cent higher. But that income is still more than 10 times the size of this particular form of debt.

Add in the other forms of consumer credit and the total of mortgage debt and the load that individuals are carrying mounts to 112 billion dollars—but their income after taxes is still almost 2½ times that sum.

The economy, almost all agree, is able to carry that total of debt with ease—especially as long as times stay good and 65 million people hold their jobs.

What worries the administration apparently is the rapid rise this year in the debt and the fear that the rate of increase may continue to the danger point.

Next: How good is the quality of the debt—how many families are in trouble?

Indians Face Loss of Lead as Yanks Play Twin Bill

Athletics Cut Tribe Margin To Half Game in 7-3 Win

KANSAS CITY (AP)—Because of a 7-3 loss in the series finale here, the Cleveland Indians could be dumped from first place today before they have enjoyed even a week's stay.

The Tribe is idle today while New York plays two at Baltimore; and if the Yanks win both they move into first place by a half game.

The Kansas City Athletics, stung by three straight setbacks at Tribe hands, pummeled Mike Garcia for nine hits and six runs in the first three innings yesterday, then tallied another in the fifth off Joe Santiago on a double by Joe De Maestri and a single by Art Ditmar.

Ditmar, who relieved Bobby Shantz in the fifth after the little southpaw pulled a muscle, got credit for the victory since Shantz, the starting hurler, was required to go five innings to add to his win column.

All three Indian runs came on homers. Jim Hegan hit one after Larry Doby had walked in the second inning; and Bob Avila rapped one in the eighth. It was the third in the four-game series here for both Hegan and Avila.

Vic Power, Elmer Valo and Harry Sampson each contributed three hits to the Athletics 15-hit attack. Power, Enos Slaughter, Valo and Simpson all had successive singles in the first inning before anyone was out. Simpson's single brought home two runs, and after Garcia got two men out, De Maestri popped a single to center to score Valo.

In the third inning Hector Lopez homered after Valo and Simpson had singled, and Bob Feller replaced Garcia.

The end of the Tribe's six-game winning string, which matched their season's longest, enabled the Boston Red Sox to get back into the thick of the pennant chase. The Bosox double victory over Washington left them 3½ games back—two more than they were a week ago, but they could shave a half game from this by beating Washington tonight.

Detroit, where the Indians open a three-game series tomorrow night, dropped from pennant contention by losing five of its last six.

Club Championship Play Nears End at Local Links

Club championships at the Mar-O-Del and Country Club golf courses are nearing windups.

A new club champion is assured at the Country Club. In action last week, Dr. Jack Vorniolt, last year's champion, was beaten 1 up by John Peacock.

—:—

PLAY AT Mar-O-Del during the week found Al Davis winning over Bill Weidemann and Dick Owens ousting Paul Hitchcock in first flight matches.

In the second flight, Robert Axe won over Walter Miller, Homer Huffman beat Ken Somerlot, Lowell Williams topped L. G. Jones and Dan Smith defeated Darwin Gillmore. No matches were played in the third flight and in the only ladies match played, Judy Phelps downed Ruby Graham.

Other Class A matches at the Country Club found Warren Rowley defeating John M. Dugan, Russ Reichardt beating Connie Line and Bob Hastings besting Bob Owens.

—:—

THERE WAS NO competition in Class B or C or in ladies play the last week.

Action this week in Class A will send Rowley against Reichardt and Hastings against Peacock.

In Class B it's Dr. Frederick Merchant vs. Bob Mason and Vern Street vs. Joe Casey. Bob Stout plays John Corwin in Class C.

Ladies' play will find Mrs. Mae Frazier meeting Mrs. Del Martin and Mrs. B. H. Buettin opposing Mrs. Frederick Merchant in A matches, Mrs. Merle Hamilton playing Mrs. Don J. Yoder and Mrs. James McNoldy matched against Mrs. Robert O'Connell in Class B, Mrs. Paul Kohler going against Mrs. Paul Frye in a Class C match, and Mrs. Don Howard facing Mrs. Bud Burke, with the winner playing Miss Joan Merchant in Class D.

Leon (Buddy) Carter, regarded as the next third baseman for the New York Yankees, has been optioned to Birmingham in the Southern Association. Last spring the Yankees optioned him to Denver from where he was switched to Birmingham.

Cards Stop Redlegs in 10 Innings

FLINT, Mich. (AP)—The Cincinnati Redlegs paused here today in their quest for a first division berth with an exhibition contest against the Detroit Tigers.

The St. Louis Cardinals detoured the Reds yesterday in the Cincinnatians' upward striving with a 10 inning 5-4 victory at Busch Stadium. Ted Kluszewski tried to keep the squad on the right track with two homers, his 40th and 41st of the season.

Big Klu hit one off Tom Poholsky and the other off Luis Arroyo, who was brought in especially to pitch to Kluszewski while Poholsky was given an outfield berth. Poholsky then went on to finish the game he started for his seventh victory in 13 decisions.

When the eighth inning strategy of Manager Harry Walker backfired, the fans razzed him with shouts of "Bring back Stanky," referring to ousted manager Eddie Stanky.

Klu's pair put him back into the major league home run lead and pushed him far ahead of his last year's pace. He didn't clout No. 41 until the 131st game of the 1954 season. Yesterday's contest was No. 118 for Birdie Tebbetts' boys.

Klu has blasted five homers in the last five games and four against the Cardinals in two outings. Last year he wasn't able to hit one roundtripper in St. Louis but has a half dozen there to date.

Smoky Burgess was on base both times Klu came through yesterday. His first in the sixth landed on the roof of the rightfield pavilion. His game-tying homer in the eighth was a high fly that struck a beam just below the roof of the pavilion, about 325 feet from the plate.

Jackie Collum, third Red pitcher was called to duty in the 10th and was greeted by Ken Boyer's bunt. Boyer advanced to second on a sacrifice and moved to third on a ground out. Collum walked Wally Moon and then Tebbetts ordered Stan Musial passed purposely. Rookie Bill Virdon singled home the winning run.

The sixth-place Reds are a half game behind the fifth place Chicago Cubs and only 2½ games out of first division.

Tops Ruth's Pace

ST. LOUIS (AP)—Ted Kluszewski of the Cincinnati Redlegs, who hit his 40th and 41st home runs Sunday, is six games ahead of Babe Ruth's pace when he set his major league record of 60 in 1927.

Big Klu raised his total to 41 in the club's 118th game. The Babe didn't get his 41st until his 124th game.

Western Star Stars

Batting — Norm Zauchin, Red Sox—batted in five runs with a pair of homers and a single as the Red Sox defeated Washington in the opening game of their doubleheader 9-6.

Pitching—Robin Roberts, Phillies—Won a thrilling 3-2 hurling duel in 10 innings from Don Newcombe to become the first national league pitcher to win 19 games. Newcombe, also gunning for his 19th, lost his third.

WININGER GETS OUT OF TRAP. Bo Wininger of Oklahoma City gets out of sand trap on 16th hole during the $100,000 "World" golf tournament at Tam O'Shanter Country Club near Chicago. Wininger took a 54-hole lead with a 209 after Saturday's game. Final round was on Sunday. Ball can be seen at right.

White Sox Claim Advantage For Remainder of AL Chase

By JOE REICHLER
Associated Press Staff Writer

The Chicago White Sox, despite their third place position, appeared today to be in the most enviable spot among the four top contenders for the American League pennant.

Cleveland's inability to pull away from the field together with Chicago's apparent easy schedule ahead as compared to those of the Indians, New York Yankees and Boston Red Sox give the White Sox a seemingly big advantage.

The White Sox got a lift Sunday when they defeated Detroit 5-4 while the lowly Kansas City Athletics snapped Cleveland's six-game winning streak with a 7-3 triumph. Although they slipped to third place because the Yankees took two from Baltimore, the White Sox cut Cleveland's first-place margin to one game.

Only 3½ games separated the first four teams as the fourth-place Red Sox also won two, defeating Washington 9-6 and 2-1. The Yankees climbed into second place, a half game behind the Indians, by mauling the Baltimore Orioles 7-2 and 20-6.

Roberts Wins 19th

In the National League, Robin Roberts and Don Newcombe staged a thrilling pitching duel. Victory No. 19 was at stake for both righthanders. Roberts won 3-2 in 10 innings, to give Philadelphia a split in the doubleheader with Brooklyn. The Dodgers won the second game 5-4 in 13 innings.

Runner - up Milwaukee shaded Chicago 4-3 in 10 innings but they still trailed Brooklyn by 15½ games. The New York Giants to within a game and a half of the Braves, knocking off Pittsburgh twice 4-2 and 3-1. In still another 10-inning tussle, the St. Louis Cardinals overcame the Cincinnati Reds 5-4.

Billy Pierce's pitching and the hitting of Jim Rivera combined to bring victory to the White Sox. They now have 42 games left to play in the remaining six weeks, to 39 each for New York and Boston and 38 for Cleveland.

But Chicago's opposition figures to be much easier. Of their remaining games, 28 are scheduled against second-division clubs as compared to 23 for Cleveland and 21 each for New York and Boston.

Pierce gave up five hits for his ninth victory of the season. Rivera carried across the winning run in the eighth when he singled off loser Ned Garver, advanced to second on a fielder's choice, to third on a sacrifice and scored on Walt Dropo's infield grounder.

Two-run homers by Hank Bauer and Mickey Mantle off ex-Yankee Eddie Lopat helped Whitey Ford with his 13th for the Yankees in the opener. The Yanks clubbed seven Oriole pitchers for 20 hits in the nightcap. Hank Bauer cracked another homer and Yogi Berra drove in four runs with a home run and single.

Susce Gets Verdict

Rookie first baseman Norb Zauchin drove in five runs with a pair of homers and a single in the first game and rookie pitcher George Susce hurled a seven-hitter in the second in Boston's double win over Washington. Ted Williams singled in Boston's first run in the nightcap and scored the second on an error and Jackie Jensen's sacrifice fly.

Willie Jones's 10th-inning single scored Richie Ashburn with the run that gave Roberts his 19th win against nine defeats and Newcombe his third loss against 18 triumphs. Carl Furillo smashed two home runs in the second game, then singled in the winning Dodger run in the 13th off loser Bob Miller.

Southpaw Johnny Antonelli registered his 10th victory with a six-hitter and right-hander Jim Hearn followed with a four-hitter for his 13th triumph in the Giants' twin successes. Sid Gordon was the big gun at the plate, pounding a homer in each game. His opening game homer, which broke up a 2-2 tie in the ninth, was the 200th of his career.

Johnny Logan's single scored Danny O'Connell with Milwaukee's winning run in the 10th. O'Connell had opened with a double. Rookie Bill Virdon singled home Ken Boyer with the Cards' winning run in the 10th. Ted Kluszewski hit his 40th and 41st home runs to take over the National League lead. His second four-bagger came after St. Louis Manager Harry Walker replaced right-hander Tom Poholsky on the mound with southpaw Luis Arroyo, with Poholsky moving to left field. After Kluszewski's homer Poholsky returned to the mound and finished the game.

Quarterback Lost

Injunction Granted Against Use of Rookies by Brownies

CLEVELAND (AP)—Federal Judge Paul Jones today granted an injunction forbidding Bobby Freeman and Jack Locklear to play with the Cleveland Browns.

The injunction was sought by the Winnipeg Blue Bombers of the Canadian Football League, with whom Freeman, a quarterback, and Locklear, a center, had signed 1955 contracts before joining the Browns.

Winnipeg, in its lawsuit, declared its team was badly crippled by the loss of the two former Auburn College stars. The club acknowledged it did not expect Freeman and Locklear to return and play for Canada, but contended they should not be allowed to play for any American club, either.

The ruling left the Cleveland club with only one quarterback, George Ratterman, who will be in his first year as the first string Brown quarterback. There is a possibility, however, veteran Otto Graham may come out of retirement.

Since the injunction suit was filed, Locklear has quit pro football, complaining of a heart murmur.

Browns' Coach Paul Brown, commenting on the decision, said he would leave it up to his lawyers whether to seek any further court action.

Brown was asked whether he was considering calling Graham out of retirement. He replied: "No comment."

Graham said Brown had not contacted him about playing again.

"I sure hope they get another quarterback," Graham told a reporter.

Ashland Girls To Play

Ashland, lone entry from this district in the girls state softball tournament at Springfield, seeks its third straight victory this afternoon.

The Ashland nine bowed to Findlay 4-3 in its first start in the double-elimination tourney but has come back to defeat Hubbard 3-1 and Phillipsburg 7-2. Its opponent today at 2 p.m. is Akron.

Same Hometown

DETROIT (AP)—Gordon Malloy, Leon Cunningham and Harry Lovell, three top rookies with the Detroit Lions of the National Football League, all played high school ball in Atlanta, Ga. After graduation Malloy became a star at Miami University. Cunningham and Lovell were aces for South Carolina.

Boros Cops Jackpot at Tam Event

By JERRY LISKA

CHICAGO (AP) — Stolid Julius Boros a golfing son of a Connecticut machinist, Sunday struck Tam O'Shanter's gold lode for the biggest haul in the history of the game—$105,000.

Boros coolly carved 70 for a 7-under-par 281 in Tam's World pro meet Sunday captured for the 35-year-old shotmaker from Southern Pines, N. C., via Fairfield, Conn., a $50,000 cash prize and a $55,000 exhibition contract.

Boros, the 1952 U. S. Open champ, finished two strokes ahead of another "old pro," Fred Haas, whose closing 68 was the final day's best round.

Boros won a playoff triumph in the 1952 World meet when he hauled in $25,000 and in 1953, he copped $1,200 with an also-ran finish.

It was a fabulous windup at Tam Sunday, witnessed by an estimated crowd of 53,000.

The huge crowd actually sewed it up for Boros. His errant tee shot on the 70th hole was deflected by the closely packed throng and bounced onto the green to set up a par 3.

In the concurrent World women's pro tourney, Patty Berg won her third straight title and a $5,000 top prize with a 298 total, one stroke ahead of Mary Lena Faulk.

The World men's amateur went to Doug Sanders, of Cedartown, Ga., a University of Florida star, who shot a 4-under-par 284 for an eightstroke triumph.

The World women's amateur meet was captured by Wiffi Smith, 18-year-old from St. Clair, Mich., with a 309.

Boros swept past Bo Wininger, the 54-hole leader, and Wally Ulrich and Gene Littler, just one stroke off the three-quarter pace, in his drive to the rich prize.

Haas took the $10,000 second prize in the World pro, while a three-way tie developed at 284 between Littler, British Open champion Peter Thomson and Henry Ransom. Each collected $3,500.

Ulrich finished in a tie with Tony Cerda at 285, worth $1,950 to each, while two deadlocked at 286, Fred Hawkins and Lionell Hebert, collected $1,750 apiece.

Wininger, faltering to a final 75, wound up in a three-way tie at 287 with Jay Hebert and Bob Rosburg with $1,433 going to each.

Wins Dayton '100'

DAYTON, Ohio (AP)—For the second straight year, Eddie Sachs of Indianapolis is the winner of the Dayton "100." The 50-mile AAA sprint car race at Dayton Speedway, 100 laps around the half-mile track, proved a snap yesterday for Sachs, who stayed in the lead from the 28th lap on. And he broke his last year's record by five minutes, doing it this time in 36 minutes, 13.12 seconds.

Marion Driver Takes Feature At Local Track

Dick Wright of Marion took the feature event at the Marion Speedway Sunday afternoon with Bob Harris of Bucyrus coming in second; Roy Bowser of LaRue, third; Carl Heffelfinger of Upper Sandusky, fourth; and Tod Gibson of LaRue, fifth.

Wright also won the first heat race with Gibson and Heffelfinger following in that order. Gibson came back to take the second event ahead of Heffelfinger and Bill England of Upper Sandusky.

In the figure-eight event, Harris took the checkered flag beating out Heffelfinger and Gibson in that order.

A spokesman for the track reported today that several drivers were on hand for yesterday's races but did not bring their cars because they thought the program had been rained out

The track was in top condition and the drivers will return next week. The dust control problem at the oval has been solved after three weeks of operation.

Recommends Successor

DETROIT (AP)—All - Pro gridder Les Bingaman has retired as guard from the Detroit Lions but has recommended George Redilla, a 250-pounder from Detroit, as his possible successor. Redilla has no college experience.

ACROSS THE COUNTER

In these quality-conscious days, few people buy a car or a house solely because it is cheap. Admittedly cost is important—but it is only one of several factors that must be weighed in any decision to buy.

Earl J. Andrews

Yet, surprisingly, when it comes to purchasing insurance for their car or home or personal liability, careful people sometimes make hasty, offhand decisions based on cost alone.

The car owner must be able to count on his car for what it can do in the "clutch". He wants power and pick-up and good brakes for the emergency, when his safety may depend upon them.

The insurance owner must be able to count on his insurance, also, in emergencies. That means just one thing; look for the BEST PROTECTION, not the cheapest insurance. When this vital purpose has been achieved, then—and then only—consider the cost.

Of course you don't want to spend hours of time studying the merits of different insurance policies. But you don't have to. Your professional insurance man will do that for you. You can rely on his advice . . . and on his help if you ever suffer a loss.

Prexy Football Staff Schedules First Strategy Meeting Tonight

Harding High School's football coaching staff along with coaches from the city's three junior high schools will hold their first meeting of the year tonight at Harding High School.

Head coach Gordon K. Larson, new mentor at Harding, arrived in Marion over the weekend and will begin preparations for the grid season immediately.

At tonight's meeting, Larson will discuss team prospects with his aides and will explain his coaching system.

Larson, formerly head coach at Akron South High School, replaces Pete Howison at the Prexy helm. Howison resigned the grid post at the end of last season and last week was named principal of Eber Baker Junior High School.

Other members of the Harding staff will include Elvin Beach, Lou Ralston and Jim Lawler, holdovers from last season, and Bob Massaros, Miami University graduate, who was hired last week.

Also attending tonight's meeting will be George Whitehead of Edison, Marion Wait of Taft and Don Zeisler of Eber Baker.

Mt. Gilead Grid Squad Set for Initial Sessions

MT. GILEAD—Members of the Mount Gilead football squad and their parents met this week at the school to discuss the football program for the year and the insurance program.

Coach John Marty is anticipating a smalled but faster squad than last year and one that will have had more experience. On Monday and Tuesday equipment will be issued between the hours of 9 a.m. and noon. Squad members will meet Saturday from 9 a.m. to 11 a.m. to see movies and slides of games. Players will also be oriented on offensive and defensive formation for the coming year. Two a day practices will start on Monday, Aug. 22.

The football and basketball schedules for the coming year have been announced by athletic director Fred Goare. The football team will not participate in a league perview this year.

Football schedule is as follows: Sept. 16, Olentangy; Sept. 23, at Westerville; Sept. 30, Centerburg; Oct. 7, at Big Walnut; Oct. 14, Marion St. Mary; Oct. 21, at Richwood; Thursday, Oct. 27, Elm Valley; and Nov. 4, at Cardington. All but the Centerburg and Westerville games are Mid Ohio league games.

Basketball schedule for the coming season is: Dec. 2, at Cardington; Dec. 6, at Westerville; Dec. 10, Richwood; Dec. 16, Marion St. Mary; Dec. 17, Galion; Dec. 23, Edison; Dec. 30, Marysville; Jan. 6, at Johnsville; Jan. 10, at Big Walnut; Jan. 13, Olentangy; Jan. 20, at Iberia; Jan. 21, Cardington; Jan. 27, at Elm Valley; Jan. 28, Prospect; Feb. 3, at Fredericktown; Feb. 4, Lexington; Feb. 10, at Crestline; Feb. 11, at Marion St. Mary.

Rookie Pilot Wins Richwood Feature

John Coder of Richwood raced to a first place finish in the feature event Friday night at the Richwood Speedway. Nearly 500 fans watched the rookie driver pilot a car built almost entirely by his father, Marion Coder, to the win.

Coder has been driving in competition for only four weeks. He led a pack of 23 starters to the win. The next three places also were taken by Richwood drivers. Joe Erwin came in second followed by J. L. Jones and Ed Hendrickson. Floyd Lamb of Kenton took fifth place.

Coder also took first in the first consolation event with Don Dorsey and Carleton Hecker follwing him across the line. Hendrickson took the second consy with Chet Johnson coming in second and Ed Douglass taking third.

The first heat was won by Ray Hickman of LaRue with Chuck Long and Bus Henry finishing two-three. Curt Hoskins, Chuck Willoughby and Lamb finished in that order in the second heat race with J. L. Jones, Erwin and Charles Wilcox topping the third event. Wilcox took the winners' handicap, nosing out Erwin and Jones.

District Play Rained Out

Rain postponed district softball tournament action and Erie No. 1's scheduled game at Mansfield Saturday night.

The Erie squad tries again tonight at 7:30 against American Legion Post 136 of Mount Vernon at Gorman Rupp Field. In the nightcap, three-time champion Mansfield Gorman Rupp faces Victory Market of Mount Vernon, last year's district champ.

Teen League's Playoff Series Opens Tonight

The four top teams in the Marion County Teen League battle tonight at Lincoln Park for berths in the best two out of three game series beginning Tuesday for the county Teen League title.

In the sudden death playoff openers tonight, Fraternal Order of Police, loop champs, take on the third-place Indians at 6:15 p.m. and the runner-up Elks face Prospect in the nightcap scheduled for 8 p.m.

Winners come back Tuesday, Wednesday and Thursday if necessary to settle the 1955 Teen League championship

Prospect, fourth place entry, captured that spot and a position in the playoffs by blasting Pleasant 16-1 Saturday afternoon on the Prospect diamond. Both teams went into the game tied for fourth in the final loop standings with 10-6 marks. Ronnie Sparks hurled for the winners while Owings started for Pleasant and was relieved by Charlie Leffler.

Former Marsox Catcher Joins Prospect Faculty

Max Ross of Marion, former baseball player with the professional Marion Red Sox here, will be in charge of junior high athletics at Prospect High School this year.

He was also hired by the school board recently to handle the intramural program through the upper six grades and teach biology and seventh grade history.

A graduate of State Teachers' College at West Chester, Pa., he recently completed two years of military service. He played with the Marion Red Sox in 1950 and 1951 and in 1952, prior to entering the service, he played with Shreveport, La., in the AA Texas League.

Morrow Man Suffers Fatal Crash Injury

MOUNT GILEAD — Robert James Keen, 27, of Perry Township, Morrow County, died Saturday in Memorial Hospital, Mount Vernon, from injuries suffered Thursday afternoon when his motorcycle overturned on Route 95, three miles east of Fredericktown.

State patrolmen from the Mount Vernon post said Keen's motorcycle went out of control on a curve and overturned in a field.

An employe of the Lexington Soy Bean Co., Lexington, O., Keen is survived by his wife, Edith Mae, and three children, Brenda Carol, Wanda Faye and Merle Glen. Also surviving are his parents, Garcia and Nina Wyatt Keen of Perry Township; three brothers, Herschel of Perry Township, McArthur and Werrley, both of Virginia; and two sisters, Mrs. Garnie Cordill of Pulaskiville and Mrs. Sylvia Meadows of Perry Township.

He was born Nov. 6, 1927, in Pasael County, Va.

Funeral services will be held at 2 p.m. Tuesday in the Mission Band Church in Pulaskiville with Rev. Don Pruitt and Rev. Elmon Sesco officiating. Burial will be in Pulaskiville. The body is at the Grover Boland residence in Pulaskiville. The Craven Funeral Home of Mount Gilead is in charge of arrangements.

Police Investigate Three Cases of Auto Pilfering

Police over the weekend investigated three cases of auto pilfering reported to them. A set of four hub caps valued at $14.95 was reported stolen by Pete Miller of 177 Chicago Ave. early Sunday morning. Miller told police the hub caps were taken from his car while it was parked at the rear of the G. C. Murphy store on W. Center St. Saturday night. He said it was the second set of hub caps stolen from his auto.

Mrs. Richard Perry of 650 Mary St. reported at 9:40 p.m. Saturday that her car had been pilfered while parked in front of her home. She told police the vandal took the entire contents of her glove compartment.

At 9:39 a.m. Saturday, Jack Murray of 151 N. Vine St. told police someone had broken into the glove compartment of his car sometime Friday night. He said the vandal had made off with a flash light, a trouble light and a box of .32 caliber ammunition.

Steelworkers, Can Co., Agree on Layoff Plan

NEW YORK (AP)—The CIO United Steelworkers have reached contract agreement with American Can Co. and Continental Can Co. on a 52-week layoff pay plan.

President David J. McDonald of the steelworkers praised the contract as being unique to industry.

"Nothing like this has ever been achieved before in American industry negotiations," he declared.

The first layoff pay plans were negotiated by the CIO United Auto Workers for Ford and General Motors. They gave coverage to laid off workers for a maximum of 26 weeks.

Both plans provide benefits of about 65 per cent of the worker's normal earnings. The payments are composed of company contributions and state unemployment benefits. The new contract was announced Saturday.

Marionite Writes Item In Industrial Magazine

An article by a Marion man, Howard Cary, appears in this month's issue of Industry & Welding, a monthly publication of The Industrial Publishing Group of Cleveland.

Cary, division superintendent of the Marion Power Shovel Co. here, speaks on the future of welding in a brief article, second in a series of statements on the importance of welding in the monthly magazine.

Project at City's Parking Lot Finished; Area Open to Public

The city parking lot at W. Church and S. Prospect Sts. opened for business today, Safety Service Director John Davis announced this morning.

The lot is capable of parking 84 cars. It will be in operation 24 hours a day and meters on the lot will be enforced around the clock.

Installation of 42 double-head meters is complete. These meters will register up to 12 hours of parking time with two quarters and two nickels.

The meters will take both 25 cent and five cent pieces. They will not take dimes or pennies, Davis said.

He pointed out the lot is of special value to visitors and on-street parkers who will no longer have to have their cars moved from in front of meters at 8 a.m. each morning to avoid receiving parking tickets.

One-way traffic will regulate the flow of cars in and out of the lot. The autos will enter the W. Church St. drives and will leave through an alley running along the north side of the lot.

Davis urged all persons using the lot to make use of the guarded sidewalks between each set of meters. He pointed out that in walking to the rear of the cars, the pedestrian is placing himself in danger because a motorist's vision may be obscured.

Parking will be free from 6 a.m. to midnight on Sundays to accommodate churchgoers.

Motorcycle policemen will patrol the lot to enforce the meters, the same as is done on the streets, Davis said.

The driveways on which the cars enter and leave have been blacktopped and plans call for the blacktopping of the parking spaces themselves in the next year, Davis said.

Plant and Union Agree on Contract

GALION—A mutual agreement on wage increases and working conditions was reached Friday between Perfection Steel Body Co. of Galion and Local 4232, United Steel Workers of America, CIO, representing the employes of the company.

The contract between the company and union is extended for two years, although it can be reopened for negotiation after Aug. 15, 1956. Wage talks began July 15.

There are some 300 production employes involved in the contract. Howard Earnshaw, works manager for the company, and Louis Mendys of Mansfield, staff representative of the UAW-CIO, were the principal negotiators.

Witness Says Sgt. Gallagher Was 'Fine Guy'

NEW YORK (AP)—A defense witness testified today that Sgt. James C. Gallagher, of Brooklyn, on trial before a general court-martial on charges of "unpremeditated murder" of three fellow American prisoners of war, "is a fine guy in my book."

"He always treated me all right," testified Robert Chinault, 31, a laborer of Fredericksburg, Va., who was a fellow prisoner of war with Gallagher in North Korea between 1951 and 1953.

Gallagher also is charged with collaborating with his Communist Chinese captors.

In answer to a question by Lt. Col. William B. Walsh, defense counsel. Chinault said "I've never seen him mistreat anyone."

Chinault said that among the prisoners who "thought a lot" of Gallagher were "Veneris" and "Rush."

During the 1953 prisoner exchange, Pfc. James G. Veneris and Cpl. Scott L. Rush decided to remain with the Communists.

Chinault said he and Gallagher received cigarettes and candy as prizes in a pinochle tournament. Regarding discussions at the prison camp, during which the Army charges Gallagher made pro-Communist talks, Chinault said he did not remember any such incidents.

Specialist 2. C. Roy Story, 33, of Falls Church, Va., now stationed at Ft. Myer, Va., said that "to my knowledge" Gallagher never mistreated any prisoners. However, under cross-examination, he said he would not have trusted Gallagher. Under re-direct examination, Story said his reason for not trusting Gallagher was based on rumors in the camp.

Canton Sesqui Opens; Rep. Judd Gives Talk

CANTON, Ohio (AP) — More than 2,000 persons in Fawcett Stadium last night for the opening of this city's week-long sesquicentennial celebration heard Rep. Walter H. Judd (R-Minn.) term this "an age of total conflict." He said: "We have been trying to buy peace by making deals with the oppressors. Our hope is with the oppressed."

Two Motorists Arrested In Drunk Driving Cases

Two motorists were arrested over the weekend in Marion County and charged with drunken driving. Ray Newman, 43, of near Upper Sandusky was arrested by state patrolmen from the Marion post Sunday night on Route 23.

Dallas P. Easterday, 39, of Bucyrus was arrested by city police at 9:01 Saturday night on N. Main St. Both will appear in Municipal Court later.

Judge's Alimony Verdict Satisfying to Defendant

OGDEN, Utah (UP) — After many years as a district court judge, John Hendricks thought he had become practically invulnerable to shock.

That is, until one time he finished giving a divorce defendant a sharp lecture and ended with:

"So, I've decided to award your wife $50 per month."

The defendant's face was covered with a broad smile as he answered enthusiastically:

"Gee, thanks a lot, Judge, and I'll try to slip her a few bucks myself now and then."

Bonus Beauty in Hardtops
Even the new hit in hardtops—the 4-Door Riviera—is included in our profit-sharing bonus deals today. Shown here is the low-price Buick SPECIAL, 6-Passenger, 4-Door Riviera, Model 43. Also available in the supremely powered CENTURY Series as Model 63.

You can come in right now on a Buick dividend distribution that's like money in the bank for you. And a look at the nation's new-car sales figures will tell you why.

This year, Buick is doing far better than just outselling all cars in America except the two most widely known smaller ones. This year, Buick sales are soaring past every high-water mark in the book—past 600,000 cars—and we're still going strong.

So we're declaring an extra dividend—for you. On top of the long trade-in allowances we have been making all year, we're adding a profit-sharing bonus allowance.

But you'll be getting a lot more than a great deal. You'll be getting a great car—the hottest-selling Buick in history.

You'll be getting Buick's far-in-advance styling, Buick's mightiest V8 power, Buick's highly envied all-coil-spring ride, Buick's extra size and room and comfort and solidity of structure. And you'll be getting the performance thrill of the year—Variable Pitch Dynaflow*—the switch-pitch transmission that's taken the country by storm.

Come in today and see for yourself that there's never been a car like this before—and never a deal so easy to make.

**Variable Pitch Dynaflow is the only Dynaflow Buick builds today. It is standard on ROADMASTER, optional at modest extra cost on other Series.*

Thrill of the year is Buick—

It's All in the Names

There have been a mess of books written lately, by successful TV writers, often named Paddy Chayevsky, on "How To Write Plays for TV." But none of 'em really much. There's a lot of fine talk about personal indentification, atmospheric dialogue, secondary themes, but they don't get to the point. They don't tell the aspiring TV playwright WHAT play to write. No matter how much of this stuff he reads, he's STILL got to think up a plot.

JOHN CROSBY

Now, maybe these successful TV writers don't want to give away their Big Secret, but I've discovered it, and although they may hate me for letting everyone in on the racket, here it is. The plots of all TV dramas are inexorably determined by the names of the characters. Just pick a few established TV names, and the play will write itself.

-:-

FOR EXAMPLE, pick DAVID, SALLY, GREGORY and PAUL. Your work is done. All TV characters named DAVID, SALLY, GREGORY and PAUL have personalities as firmly established in the public mind as the characters of Abraham Lincoln, Albert Schweitzer, Marilyn Monroe and Harold Talbott.

Day after day, night after night, year after year, all TV characters named DAVID, SALLY, PAUL and GREGORY have always behaved in exactly the same way. For all I know, there may be some law.

A DAVID is the salt of the earth. You can trust a DAVID with your life. If he has any faults at all, they are perhaps that he has too much decency, too much quiet understanding. A DAVID will, as he has from time immemorial, silently suffer, until his wife SALLY realizes that her flirtation with PAUL, while it does make her feel like a woman again, does not have, for all its gaiety, the truer, deeper values that her boring life with DAVID has.

-:-

AND THERE'S NO problem about a SALLY. A SALLY writes herself. A SALLY might be lightheaded. She might have foolish romantic day-dreams. She might even mistake a DAVID's preoccupation with the construction of the new psychiatric hospital for a slackening of sex interest in her, and encourage a flirtatious PAUL.

But we TV viewers know that all SALLYS are inately wholesome and decent, and before the final commercial she will be in DAVID's silent, understanding arms, smiling ruefully up at him through her tears and admitting that maybe she was a silly, romantic goose.

And a DAVID will reply, as he always has, as he always must—"But Sally, you're MY silly, romantic goose."

Now, a PAUL is useful to moderately complicate the life of a SALLY and a DAVID, but there's no real harm in him, and the successful TV dramatist uses PAULS only for light little summer comedy-dramas. But if you want a really nasty situation, a heavy, expensive drama for the height of the winter season, change your PAUL to a GREGORY, and all hell will break loose.

A TV GREGORY is an oily-tongued snake. There's nothing too low for him to stoop to except when he's called GREG, in which case he's merely a wisecracking playboy.

-:-

NOW IF YOU WANT to wreck a happy TV home, just introduce a CYNTHIA and see what happens. A CYNTHIA has, of course, a well-paid publishing or fashion consultant job in New York which leaves her about 11 months of the year to visit this happy home, and with her acid tongue and sophisticated Manhattan standards, wreck all peace and understanding.

Although CYNTHIA means trouble, it's useful to have her around on TV dramas because she's always played by actresses whose figures are outstanding.

Want some fun? Use a POPS. A POPS is a lovable old rascal with bottles hidden in every nook and cranny. All TV POPS are ignorant, dirty, have never been anywhere or done anything, and make the most profound observations on everything.

Yes, the big secret is that by simply choosing any combination of established TV names any TV play will write itself. The next big secret to solve is how to get the set to turn itself off when a cast of those names is announced.

Andover Toll Hits 22

ASHTABULA, Ohio (AP)—The blast which ripped the village square at Andover last Wednesday has claimed its 22nd life. Ruby Shellito, 17, died at General Hospital Sunday.

Garbage Hauler Arrested

A Marion man was arrested Saturday morning by city police and charged with violating the city ordinance prohibiting hauling of garbage in privately-owned vehicles. Archie T. Christian, 38, of 318 Davids St., will appear later in Municipal Court to answer the charge.

Bumper Crop in Japan

TOKYO (AP)—The hottest July in 13 years promises Japan a record crop in wheat, barley and rye, the agriculture and forestry ministry predicted today. The 1955 grain crop was estimated at 148,746,850 bushels, surpassed only by 1954's 159,439,500.

'Medic' Too Much For Reviewer; He Can Only Die Once

By CHARLES MERCER

NEW YORK (AP)—One evening a week for several weeks this department's stethescope has been applied to Medic (NBC-TV). But never again.

Can't take it, the "Medic" people would say. A hypochondriac. No intellectual curiosity about the scientific nature of disease.

Maybe so. But if so, we're in the majority, according to a physician friend who says there are many more hypochondriacs at large than genuinely sick people.

The big question—with no quick answer—is this: What is the purpose of Medic? It flaunts a noble purpose: To spread information on the nature of disease; to show how medical science treats it; to point out the emotional involvements of physical disease. It has a passion for accuracy of medical fact. But it has an equal passion for sensationalism.

One can quarrel with Medic on one of two grounds: The technical ground of how the show is put together; and the philosophical ground of why it's put together. Our quarrel is philosophical.

Shakespeare wrote in Henry IV that "A man can die but once." But Medic asks us to die once a week. It's too often.

N.Y. Stock Quotations

NEW YORK (AP)—The stock market moved narrowly today and with extreme quiet.

Prices that changed as much as a point in either direction were rare.

Trading was at the slowest pace in more than a year and well under the 1,530,000 shares traded Friday.

American Sugar Refining was up between three and four points after publication of an earnings report showing first half profits equal to $5.51 a share as against $4.27 a year ago.

The market since early July has been going through a reaction phase. In the process, a lot of caution has built up in Wall Street. The question is whether the market will complete the cycle with prices more or less in the present range or whether there will be a burst of climactic selling that will take everything down to a hard bottom.

U. S. government bonds were quiet.

Students Do Homework On Farm of Instructor

HASTINGS, Mich. (UP) — First and second-graders at the Hastings Southeastern Elementary School are discovering first - hand what farm life is like because their teacher takes them to their homework.

When her class begins studying rural life, Mrs. Bruce Crothers, who lives on a nearby farm, takes three students home with her each night. One class project during the rural life lessons is to build a model farm, and where can a pupil find a better model for his clay cow than in a pasture

The youngsters pick up their clay when school is out and accompany Mrs. Crothers to her home to inspect the farm. Their studies consist of touring the entire farm from haymow to milking machines and picking up ideas for constructing their models.

State's Violent Death Toll Hits 19 on Weekend

13 Killed in Traffic; 2 Electrocuted and 4 Die of Other Causes

By The Associated Press

Wholesale traffic deaths wiped out four members of a Dayton family in one accident last weekend and a Germantown man and wife died when their car was hit by a train.

Ohio counted 13 traffic dead, 5 other types of violent deaths and one drowning in the weekend toll.

Two of the state's deaths last weekend were from electrocution. A Cleveland man died when he touched a dangling wire snapped loose by wind and a 14-year-old Columbus boy was electrocuted when he raised a steel pipe that brushed high tension wires. He was pretending the pipe was a flag pole and was hoisting it over a make-believe fort.

Friday

Richard Tullis, 19, Rogers, in a two-car crash on Ohio 7, near Rogers in Columbiana County.

Saturday

Robin Shawn Smith, 1½, Newtown in Hamilton County, hit by a car near his home.

Noble Lee Toller, 29, of near Foster in Hamilton County, when a truck collided with the rear of an auto he was driving.

Lonnie Garland, 52, Dayton, fatally burned when waste powder he was emptying in the city dump caught fire.

John Prochaska, 52, Cleveland, electrocuted when he reached up and touched a dangling wire snapped loose by the wind on a downtown street.

Mrs. Cora Day, (age unavailable), and husband, Willie, 68, Rt. 2, Germantown, when the car in which they were riding collided with a train on Ohio 98, two miles south of Plymouth in Richland County.

John Yurko, 32, Youngstown, when his car struck a concrete abutment on Ohio 307, four miles west of Jefferson.

Mrs. Ella C. Atwood, 40, Cleveland, struck by a city bus.

Robert French, 31, Dayton, his son, Charles, five months, and the boy's grandparents, Charles and Edith Gordon, (ages unavailable), of Dayton, in a two-car crash at Ohio 202 and Ross Rd. in southern Miami County.

Ellen Isaac, 12, Rt. 3, Peebles, in the collision of two vehicles four miles east of Peebles in Adams County.

Sunday

Patricia Flaming, 41, Minneapolis, Minn., in a two-car accident on U. S. 20, one half mile east of the Wood-Sandusky County line.

Robert Groves, 23, Cincinnati, a deckhand, fell from a tugboat and drowned in the Ohio River at Cincinnati.

Walter F. Schwind Jr., 14, Columbus, electrocuted when he raised a steel pipe that brushed high tension lines.

Wetzel G. Griffith, 19, of near London, when his motorcycle crashed into the side of a bridge on the western edge of London.

Joseph P. Simmons, 23, Cleveland, struck by a car while trying to change a tire on his own auto on a city freeway ramp.

IKE CONSOLED BY HIS FRIENDS. Ike, four-year-old Collie, banished from his home neighborhood in Grand Rapids, Mich., for nipping other dogs, is consoled in Municipal Court by Janice Pulaski, 4, his mistress. Her brother, Stanley, 7, (third from right) and friends who testified for Ike surround him. Decision may be appealed.

CIO Will Try To Get Question Of Jobless Pay Hike on Ballot

COLUMBUS (AP)—The Ohio CIO Council said it will file necessary petitions today to get the question of higher unemployment compensation payments on the Nov. 8 ballot in statewide elections.

Jacob Clayman, council executive secretary, said the CIO will file an additional 6,000 petitions carrying an estimated 135,000 signatures. Petitions previously were filed to get the issue before the last Legislature.

The CIO wants jobless benefits raised from $30 to $50 a week for 39 weeks. It also wants to increase dependency allowances from a maximum of $2.50 each for two dependents to $3 each for three dependents.

The 101st General Assembly raised benefits to $33 a week for 26 weeks. The Legislature increased dependency allowances to a maximum of $3 but made it apply to only two dependents. This law becomes effective Oct. 10.

Clayman said the CIO's supplemental petitions filed to introduce its bill in the Legislatures, will bring the total number of signatures to 270,000.

Roughly 156,000 signatures, or six per cent of the state's voters, are needed to put the issue on the ballot, Clayman said.

The CIO proposal also would allow jobless benefits to continue though an employe is working under a guaranteed wage plan. Some state officials say present Ohio law may conflict with the GW plan.

Luxury Las Vegas Hotel Burns, 400 Guests Flee

LAS VEGAS, Nev. (AP)—Some 400 persons were forced to leave the luxury Hotel El Rancho Vegas last night and three persons were overcome by smoke when a fire broke out in the kitchen of the establishment.

The fire was contained in the kitchen and roof but smoke spread through the dining room, where a show was starting. The orchestra kept playing and the chorus girls kept dancing for a while.

The diners filed out in orderly fashion.

Firemen said the blaze started in a kitchen broiler and ate through the roof. There was no immediate estimate of damage.

Mount Gilead To Have New Vote Precinct

MOUNT GILEAD — There will be an additional voting precinct in Morrow County next year according to Roger Van Houten, clerk of the county board of elections.

This will raise to 26 the number of voting precincts in the county. The new precinct will be in Mount Gilead and will give the village a total of four.

New division of precincts will be as follows:

Southwest will remain as is and will include that section of the village west of S. Main St. and south of W. High St.

Northwest will be changed as follows: to include the north side of W. High St. and Marion Road north to and including properties on the west side of Iberia St.

North will be the designation of the new precinct. It will include everyone living in the area on the east side of Iberia St., south to the north side of High St., north on the west side of N. Main St., then east on Union St. including residents on the north side of Union and living north of Union St.

East precinct will include everything east of Main St. and south of N. Union St.

A change in voting places for two precincts was announced. Northwest precinct residents will vote at the old Farm Bureau office on Highland Ave. and residents in the new north precinct will vote in the school. Northwest voters formerly voted at the school.

East precinct residents will vote at the courthouse and southwest precinct residents will vote at the Ford garage, as in the past.

What does CHRYSLER'S giant expansion program mean to you?

DEMAND FOR 1955 CHRYSLERS RESULTS IN HUGE EXPANSION! *This new Chrysler plant, started last March, includes a continuous conveyor system 14 miles long, will add 40% to Chrysler's production facilities.*

The greatest new-car buying opportunity of the year!

Thanks to the record-breaking demand for its 1955 cars—the "hottest" cars of the year—Chrysler has had to expand tremendously. Upon completion of this Giant Expansion Program, the new plant shown above can boost Chrysler Windsor V-8 and New Yorker production a full 40 per cent!

We know that huge automobile plants aren't built in a day. It's a job that takes several months. That's why we've tried to stock up on enough new 1955 Chrysler Windsor V-8's and New Yorkers to take care of our customers through the season. We've filled our entire year's supply now, at mid-year.

Pick from our big array of models and color combinations

Right now, our showroom looks like a Chrysler catalog come-to-life! We can give you an almost unlimited choice of color combinations and body styles—something we haven't been able to do since the big "run" on 1955 Chryslers began the day they were first introduced. But indications are that there just won't be enough to go around. So we urge you to come in now.

Trade-in value of your present car will never be higher than it is now

That's right! Every day you wait, your present car is worth less and less. Now's the time to trade.

And we're the ones to trade with for top-dollar. Because we need used cars.

Why we're anxious to get your car

Once our present stock of new Chryslers is moved out, we won't get any more. That's why—today—we're in a hurry to get our used car stocks filled out, so we can be all set later on. Because there's nobody unhappier than an automobile dealer without automobiles to sell.

We're inviting you to take the 100-Million-Dollar Ride today

If you've been waiting for a real buy on your new 1955 Chrysler Windsor V-8 or New Yorker . . . wait no longer! When these cars are gone, *that's it!*

Stop in today. Take the wheel and take off on Chrysler's *100-Million-Dollar Ride*—the ride all America is talking about.

Then get the figures on your trade-in allowance . . . the best you'll find in town . . . and choose from our great selection of models and color combinations.

We think you'll agree, this truly is *the greatest new-car buying opportunity of the year!*

105th Annual Fair To Open

Morrow County Event Planned for Five Days

MOUNT GILEAD — All plans are completed for the 105th annual Morrow County Fair which opens here Tuesday night.

Fair Secretary Dwight McClarren reports the following number of entries in the senior fair: cattle, 283; sheep, 308; and hogs, 220. In addition there are a large number of entries in the domestic skills and horticulture exhibits, he said.

Junior Fair entries are at an all-time high according to Charles Kunze of Johnsville, president of the Junior Fair. Eileen Reed of Cardington is the Junior Fair secretary.

Admission will be charged at the gate starting at 5 p.m. Tuesday. Opening attraction on Tuesday night will be the second annual pony show at the grandstand. There will be no admission charged to enter the grandstand area that night.

Wednesday morning the judging will get under way and the tractor pulling contest will be featured.

Harness races are set for Thursday and Friday at 1 p.m. with $4,000 in purses. Saturday's fair closer will be the late model car races starting at 2 p.m.

Wednesday night's grandstand show will be Joie Chitwood and his auto thrill show. On Thursday night Klein's Mardi Gras Revels will be featured and the last night show on Friday night will be the Cherokee Ranch Rodeo.

News of Granges

BETHLEHEM

Bethlehem Grange was presented a life membership certificate in the Children's Home Endowment Fund by Gene White, superintendent of the Children's Home, at its meeting Wednesday night.

The grange voted to give $5 to Pomona Grange for prince and princess expenses. Members were urged to vote carefully on county and state board of education candidates.

The program, in charge of the lecturer, Mrs. Charles McMahan, included: a flute solo by Sue Denzer, accompanied by Mrs. Robert Dunlap; a poem by Mary Ellen Knappenberger; songs to sing for safety by Gary McMahan, a state 4-H capital contest; the birthday song sung for Marilyn Bender; and a group of numbers by the Jug Band of the Waldo Stich and Stir 4-H Club, composed of Joyce Shoaf, Sondra Henry, Cindy Groll, Shirley Kaelber, Barbara Myers, Jane Fogle and Janet Ullmer.

Selected for the prince and princess contest were Charles Howald and Evelyn Mehaffey. The next meeting will be Aug. 17.

Their Python Too Mean For Contest, Says Dallas

DALLAS, Tex. (AP)—Pierre Fontaine, director of the Dallas Zoo, says Pat the python is too mean to engage in any measuring contest with Fort Worth's Pete the python.

Harry Jackson, owner of the Fort Worth python, challenged Dallas to bring its newly obtained reptile to a halfway point for a public measuring, with the holder of the shortest python to "eat both snakes."

But Fontaine turned down the chance to settle the rivalry, saying:

"Pat is still pretty violent. Any time one of the men goes near its cage it strikes out. That's a pretty good sign of belligerency."

Sheriff Reports Thieves Obtain Tools, Gasoline

Two break-ins and one theft occurring over the weekend were reported to the Marion County sheriff's office.

Several hundred dollars worth of assorted tools were taken sometime Sunday night from trucks of a construction crew at the Ohio Edison Co. power plant near Prospect, deputies reported.

The break - in was reported by William Cooperrider, a company employe.

A break-in at the Penry Sand and Gravel Co. office at Prospect sometime Friday or Saturday night resulted in two gas welding wrenches and an estimated 25 gallons of gasoline being taken.

Entry was gained by breaking glass on a door to the office. It was discovered by deputies early this morning.

Frank Dennison of near Green Camp reported to deputies Sunday morning that a motor valued at $40 was taken from a woods on his farm sometime Saturday night.

Quincy Boy, Lost Overnight, Found Sunday in Rail Car

BELLEFONTAINE, Ohio (AP) — Sheriff Fred Foerster says he plans to question four-year-old Bobby Steele of nearby Quincy to learn how the child got into a railroad hopper car.

The sheriff said that's where Bobby was found yesterday after an all-night search by deputies, volunteers and bloodhounds.

The boy disappeared Saturday while playing with two companions near his home. He was discovered in the hopper car nearly two miles from his home by a railroad employe who heard noises and investigated.

Bobby suffered scratches of the arms and legs and exposure, and was hospitalized. It was not known if he was placed in the car or climbed in.

'The Fourposter' Slated At Playhouse-on-Green

Playhouse - on - the - Green at Radio Station WRFD, Worthington, will present "The Fourposter" as its final production this season. The play, written by Jan de Hartog, will begin a six-night engagement on Tuesday, Aug. 23.

The play has been called "The Fourposter" because all its action centers around a big double bed that dominates its stage - setting and symbolizes the ecstasy and pain, the romance and heartache, that punctuate this fairly typical marriage.

Current attraction at the outdoor theater is "Dial M for Murder."

NO GAME TODAY

MUNCIE, Ind. (UP) — An extra stolen base was recorded at McCulloch Park baseball diamond. A thief walked off with home plate—and also stole the rubber from the pitcher's mound.

Tent and Shotgun Keep Orchard Clear of Birds

EAST JORDAN, Mich. (UP) — Orchardist A. E. Darby today disclosed a new method of keeping pesty birds from fruit orchards without using the old - fashioned scarecrow.

Darby said all you need to keep your orchard bird-free is a tent, a shotgun and a pair of good, stout climbing shoes. He says to pitch the tent on a platform or tower in the orchard, wait until the birds come to roost in the fruit trees, and fire the shotgun.

After several volleys, Darby said the birds give his orchard a wide berth as long as they see the tent pitched.

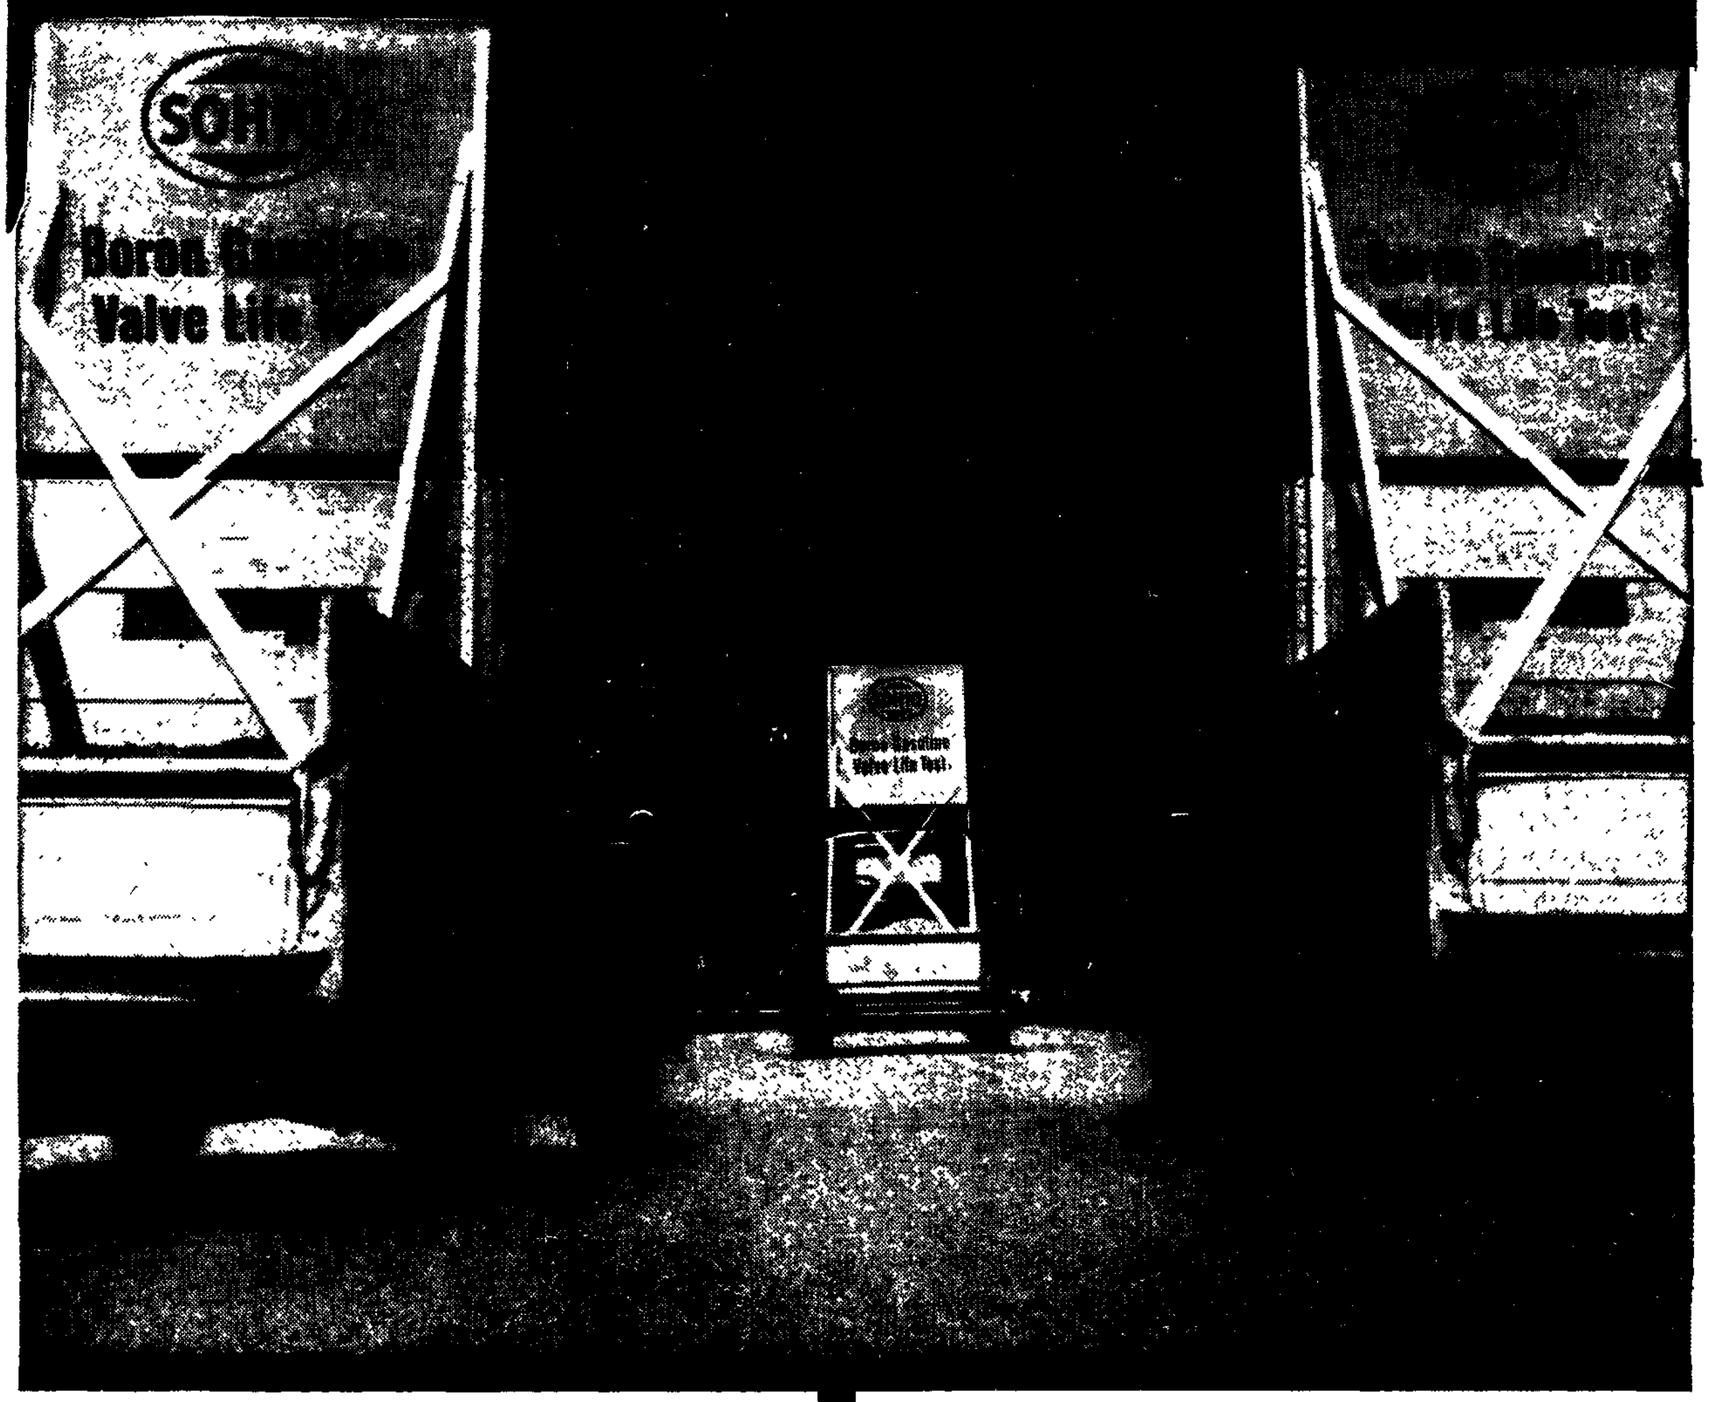
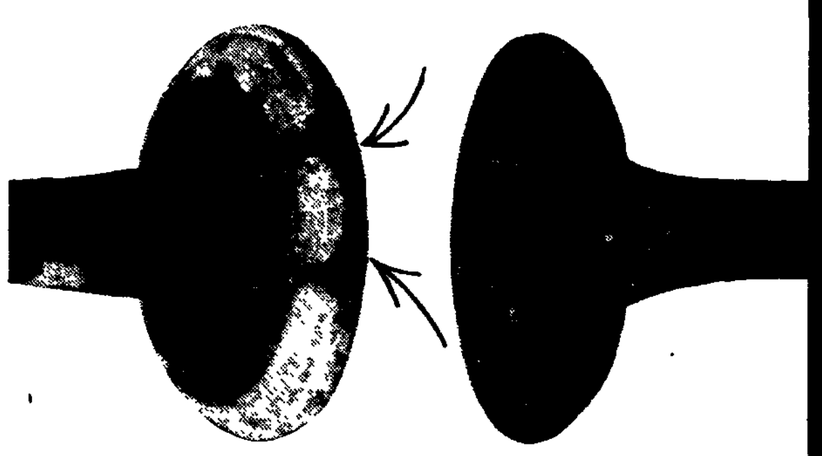
Traveling Torture Chambers show Boron* doubles valve life





Valve Used with Non-Boron Fuel

This valve from one of the trucks operating on non-Boron gasoline has heavy deposits. Notice the channels burned in the valve face (indicated by arrow). This valve failed half-way through test.

Valve Used with Boron Fuel

At end of test, this valve was taken from truck using Boron Gasoline. Note smoothness and lack of deposit on rim. After thousands of miles of high-speed driving it's still in good condition, can be run for many more miles!

These trucks are specialists at killing valves. They make their engines work to the limit because they're loaded with gravel, carry special "back stops" to create wind drag. Then they're driven at 60 miles per hour, 20 hours a day —day after day!

Sohio used these trucks to test the effect of gasolines on valve life. The trucks were identical. But half of them were run on non-Boron gasoline, the others on Boron Gasoline. Before the test was half over, *all* the trucks operating on non-Boron fuel had valve failure. But at the end of the test, the valves in the Boron trucks were still good!

WITH BORON, VALVE LIFE HAD BEEN DOUBLED! This "Traveling Torture Chamber" Test again demonstrates how Boron is better for engines!

Ten Years in Asia

The tenth anniversary of the end of the war in the Pacific is punctuated by gunfire in South Korea, where the United States is still struggling to bring order out of the chaos of World War II. American soldiers are being fired on by Koreans as dissatisfied with the outcome of the Korean war as Americans, themselves, were.

The responsibilities of maintaining garrisons in South Korea and in Japan are proving no easier for Americans to bear than they proved to be in times past for the other nations which tried to maintain order among Asiatics. Their presence is an affront to Asiatic nationalism.

Yet, in the long view, Asiatic nationalism is so closely related to the interest and security of the non-Asiatic world that it cannot be allowed to run its course without outside interference. That was the reason for intercession in South Korea, whose conquest by Communist-dominated North Koreans would have threatened the security of Japan. That is the reason for negotiations with the Communist regime in mainland China to try to stabilize its relations with the Nationalist Chinese on Formosa. That is why there has been intercession in southeastern Asia, and it is why the United States maintains a bastion of strength on Okinawa.

The West cannot hope to solve the problems of Asia. It can hope only to keep Asia's problems from erupting into clashes that would involve the West in war.

What's That Name?

King Solomon's decision to cut the baby in half, bestowing 50 per cent on each of the embattled mothers, forced a logical settlement of the issue.

Perhaps that is the reason why officials of the AFL and CIO have announced they will call their merged organization the American Federation of Labor and Congress of Industrial Organizations.

This amounts to no settlement of the issue at all, a fact that will be as readily grasped by the members of the two organizations as by outside observers.

Before the merger can be accomplished, it will have to bear a name that means something. Even the shortened form —AFL-CIO—is more alphabet than can be tripped easily off a tongue or a typewriter.

While it can be claimed in behalf of the joint title that everybody knows what the initials stand for, the fact is everybody does not know. This is particularly true of CIO, which originally stood for Committee For Industrial Organization and now stands for Congress of Industrial Organizations.

A four-letter title both descriptive and conciliatory would have been AFIO—American Federation of Industrial Organizations. It would have rolled easily off the tongue and the typewriter. It would have nestled snugly in a tight headline and pleased the eye.

It still would, if Solomon decides not to split the baby in equal parts.

The Idea War

The first non-government American observer to make a detailed report on U.S. propaganda abroad is Theodore S. Repplier, president of the Advertising Council. This is an excerpt from his report on the idea war in Europe and Asia.

"We desperately need a crusade. The lack of a crusade could cost us the cold war. To many, the Communists are the champions of the common man. America appears to champion nothing but its own safety. . . . We can win the cold war. But we cannot win it in a walk. It is time we started running."

As the Soviet Union and Red China, if it follows the new party line, ease up on their belligerence, it is a good bet the United States will ease up on its battle for men's minds. Since the United States already is walking when it should be running, in the opinion of Repplier, any easing up would slow it to a crawl.

That would amount to letting the Marxist crusaders win by default, which may be what they are hoping will happen. It may be the real reason for their change of tactics — to disarm a half-hearted opponent in a contest they intend to win at any cost.

They had only one thing to fear, after all —a counter-crusade to pin the lie on their claim that absolutism can give men what they want most in this world — the right to walk with their heads erect. If they can eliminate that danger by pretending the cold war is over when in fact it is being waged fiercely in all the places where people are still uncertain, they will have scored disastrously against the only opponent with a chance to carry on a counter-crusade.

Target Practice

Children standing on the threshold of the interplanetary age may well feel sorry for poor old Davy Crockett, who had such a dinky little old wild frontier to be king of.

Lost Chemical Tracers

By John F. Sembower

Many Drugs Buried in Flood of Discoveries

CHICAGO — Science is moving so fast in discovering man-made substances "improving" upon nature that many new chemicals and drugs are being forgotten before they can be put fully to use.

This is the report from the National Registry of Rare Chemicals of the Armour Research Foundation of the Illinois Institute of Technology. The registry is receiving a steadily rising tide of inquiries from scientists all over the world who vaguely remember some chemical they used years ago but cannot recall accurately, or have come upon a scientific report of a discovery that was made and then dropped.

Operating like a bureau of missing persons, the registry one of the world's most unusual scientific agencies, does a sleuthing job on hundreds of "lost" chemicals each year, all for free. Since it was established in 1942, it has tracked down more than 20,000 missing chemicals.

Most of them might have been lost forever, if someone had not suddenly had a need for the substance and just a germ of recollection, and if the registry had not been available to track it down.

—:—

EACH YEAR thousands of new chemicals are being uncovered in the laboratories, but unless they fill a need almost immediately, they are unlikely to go into commercial production explained Richard Crouse, director of the registry. Without the commercial incentive, the cost of reproducing the chemical may never be brought down, and the scientific discovery lies fallow.

The registry's elaborately indexed card file containing more than 30,000 rare formulae has become such a valuable repository of hidden scientific treasure that proposals now are being made for it to be microfilmed and stored in one of the "time capsules" being established in the country as safeguards against loss in an atomic explosion or other catastrophe.

In an average day, 10 to 15 urgent requests for aid are received at the registry by telephone, telegraph or cable from all over the world. Last year more than 3,000 pleas of assistance were received.

—:—

MANY CAME FROM industries hunting an adhesive that will take a "bug" out of a product stalled on the assembly line, a plastic that is resistant to certain chemicals, or a solvent that serves a particular purpose.

Other inquiries can be even more urgent, like one received recently for a rare chemical needed for treatment of a patient in a hospital here. Its prompt rediscovery is credited with saving a life.

The scientific super-sleuths usually start with the flimsiest lead: A long-forgotten trade name, a fragmentary structural formula, a chemical name assigned to it when it was first reported.

If the registry's records do not disclose the chemical, the hunt is on in earnest. Published abstracts of chemical discoveries stretching back for many years are consulted. The registry regularly sends out lists of "wanted" chemicals. The "profile" of the missing chemical may be advertised for in scientific journals.

—:—

WHEN THE CHEMICAL is located, the data is supplied and another rare chemical is put away in cold storage in the registry's accumulating data. Most of the more than 30,000 chemical formulae preserved there are trophies marking the end of a successful chase.

An increasing number of formulae, however, now are added each year from voluntary contributions. Chemical houses going out of business "bequeath" their formulae to the registry. Scientists deposit their discoveries there.

The registry was first established when an Illinois Tech scientist, Dr. Francis Knock, was held up for more than a month on an important experiment while he tried to locate a chemical. During this research he sold his colleagues on the importance of establishing a world center for preserving such data.

"Lost" medical discoveries are becoming such a problem that the National Institutes of Health in Bethesda, Md., are considering the establishment of such a registry in the purely medical field.

—:—

A DRAMATIC RECENT example is actinomycin, which probably was the first true antibiotic isolated, having been first reported in 1940. Actually, the first experimentation with it was in 1920-21 when several European scientists got on its trail.

However, for some reason the scientific trail became cold in the 1920's, and it was not taken up again until 20 years later. Then it was discarded again as too toxic for use in human beings, but not before four strains were isolated.

Currently it is regarded as one of the most promising agents in the worldwide search for a chemotherapy for cancer. The question has been raised by medical scientists at the institute laboratories whether there may not be many other "forgotten" or virtually lost chemicals which ought to be reexamined in the light of new medical knowledge.

Red Lips of My Grandmother

By TRUMAN TWILL

A patriot must pick up his sociology as he goes along. Things keep happening too fast to be put down on paper and learned in 10 easy lessons.

Take the red lips of my grandmother.

The phraseology is adapted from high school French, where all of us in pursuit of culture learned to say "le table rouge of my grandmother," whatever the rest of it was—the whole thing meaning, in English, the red table of my grandmother.

But grandmother's red lips are more interesting then her table.

More and more grandmothers have red lips, with personalities and physiques to match. An unwary male must keep himself in check at all times lest he let out a startled yip when he learns the babe he has been ogling at a soiree is the grandmother of three, two boys and a girl, and has snapshots to prove it.

By and large, there are scads of grandmothers flitting hither and yon who look more like their daughters than their daughters do, what with the daughter being preoccupied with the long-term problems of the accelerating birth rate. The grandmothers, having their contribution to the birth rate, are free to flit like birds.

Their figures are trim. Their hair comes in assorted colors. Their eyes have a glint, and they are in the prime of life. Moreover, that gent in the offing who looks as though he might be their son-in-law is grandfather disguised as himself when young.

The two of them have taken up baby-sitting as a hobby but are not available on nights when it is their turn to rise above the arthritis that is afflicting them prematurely.

They have prepared a chimney corner to sit in, but only while having their associate grandmothers and grandfathers in for a game of indoor rounders. If things get dull, they may look around for children to adopt so they will have someone lively enough to give them a run for their money when they are feeling frisky.

This is a far whoop and a distant holler from the time when grandparents were desiccated old gaffers mumbling their food on toothless gums and crippling about on blackthorn canes. Your typical grandparents of today living it up in multi-colored convertibles and feeling sorry because their own children are tied down by their grandchildren.

The sociological explanation is that marriages are being made at earlier ages. The big reason in recent years has been the relentless pressure of military service on young men, who clinched the marital deal by throwing themselves on the mercy of the sweet young things they married, thereby becoming fathers at a time when normal boys used to be still figuring out how to play third base properly.

There you have it—the red lips of my grandmother—the symbol of something new and different in America—a declining generation that will produce more great-grandmothers and great-grandfathers than ever were collected together in one country before, thanks to early marriages at one extreme and longevity at the other.

States' Responsibilities

By Raymond Moley

LOS ANGELES — Once more, at the 47th Annual Governors' Conference in Chicago, there have been speeches about the rights and duties of the states in our republic that should be heeded by all members of Congress who are asked every year to provide everything for the American people from toothpicks to highways.

These sentiments might also be heeded by President Eisenhower and his advisers who proposed in their highway and school programs, fortunately without results, one of the greatest expansions of federal aid in 50 years.

For the twin reasons that deficit financing looks like something that doesn't have to be paid for, and also that federal expenditures do not come as closely under the scrutiny of people in the states and local communities, it has been the fashion for half a century to expand federal grants-in-aid.

One of the outstanding exponents among state governors during the three terms he has served his state of Washington has been Arthur B. Langlie. His views on the subject of state responsibilities were made known two weeks before the Governors's Conference, before the National Municipal League.

He reminded his hearers, with plenty of evidence to support him, that there is no reason why such improvements as highways and schools should not be financed by the state and local governments.

He pointed out that in 1932 the gross federal debt equalled 20 per cent of the national income, while the combined state and local debt was about the same.

In 1954, the federal debt had jumped to 98 per cent of the national income, while the state and local debt dropped to 12½ per cent.

Interest on the federal debt is 10 per cent of the total expenditures of the federal government. Interest on state and local debt is only 1 per cent of state expenditures, while it is only 3 per cent of local expenditures.

Meanwhile, state and local governments have been buying plenty of federal bonds. All this, Langlie says, would indicate that state and local governments "are in a better position to take on new responsibilities than the debt-ridden federal government."

It is not without significance that Roger A. Freeman, who is Gov. Langlie's special assist, worked under the chairmanship of Adam S. Bennion on the task report on education for the Commission on Intergovernmental Relations.

That report is one reason why many members of Congress at the recent session decided that action on a federal school-building program was not necessary, despite the urging of the administration.

This report was the first thorough study of American elementary and secondary education, in 16 years. Freeman presented his own views in convincing detail before the House Education and Labor Committee.

It is most significant that the educational journals have seemingly ignored his study and Freeman's testimony. This may well be because schoolmen and schoolmen's organizations have been offering the public a lot of nonsense concerning the necessity for more and more federal aid.

These schoolmen have apparently forgotten that a part of their duty, beyond getting bigger and more elegant schools at federal expense, is to teach a new generation the essentials of American constitutional government.

We wonder how sharp their emphasis has been on the fundamentals written into the Constitution concerning state responsibilities and federal limitations. We wonder, too, whether such indisputable economic facts as have been presented in the Bennion-Freeman report will ever reach the classrooms of the nation.

20 Years of Social Security

By JAMES MARLOW

WASHINGTON — Hoots against the idea the government had responsibility for its people's welfare—have died down a bit since the social security system became law 20 years ago Sunday.

The Social Security Act, which President Roosevelt signed Aug. 14, 1935, repudiated the notion that jobless workers can starve or that old people without money to live on are inferior people entitled to nothing.

It established the use of taxing powers to assure regular payment to retired workers, money for the survivors of workers, and jobless pay for those thrown out of employment.

The United States did not reach the acceptance of this system easily.

The idea of government responsibility for its citizens' welfare goes back to the English poor laws of Henry VIII and Queen Elizabeth, even though that was recognition of a very limited responsibility.

The British colonists brought the poor laws with them to this country, establishing them in towns, colonies, counties, states. But this was always local responsibility, not national.

At its roots was contempt: an attitude that help for paupers only contributed to their idleness.

The social thinking of American businessmen, legislators and intellectuals was greatly influenced in the 19th and first quarter of the 20th centuries by three Englishmen.

They were Thomas Malthus, a political economist; Charles Darwin, the evolutionist; and Herbert Spencer, a social philosopher. The latter two acknowledged in turn the influence of Malthus on them.

Malthus argued poor people were responsible for their own misery and had no right to public relief. Spencer was against all state aid for the poor. He considered them unfit and thought they should be eliminated. "Clear the world of them and make room for better," he said.

It was Spencer who coined the phrase "Survival of the fittest," applied so aptly later to Darwin's studies on evolution and natural selection. Spencer's philosophy said, in effect, that the race belongs to the strong and that might makes right.

This gave a philosophical justification to the ruthlessness of American business in the 19th century, to the creation of trusts and the elimination of weak competitors, and to the policy of forgetting about people who became too old to work.

In the muddle of the last century President Pierce showed himself a pure Malthusian. In 1854 he vetoed a bill passed by Congress — under the urging of Dorothea Dix, a social reformer — to give millions of acres of government land to states to care for their insane. Pierce suggested help to the poor, insane or not, makes them more helpless.

The first really general welfare legislation approved by Congress after the Pierce veto of 1854 was in 1927 when it voted almost one million dollars for maternity and infant hygiene. It dropped that two years later.

By that time Western European nations were at least a generation ahead of this country in social legislation, such as old age pensions and unemployment pay.

Before 1935 there were 25 states with old age pension systems although they covered only a fraction of retired workers. And some states before then had unemployment and accident insurance.

But by the time the depression was a couple of years old it was clear that unemployment and insecurity were national problems. Some exaggerated plans — for old age pensions and unemployment pay — sprang up. They would have cost perhaps 20 billion dollars a year. They put pressure on the government for action too.

In comparison with them the Social Security Act passed by Congress 20 years ago yesterday looked very conservative.

Dryer Delhi

NEW DELHI, India (AP) — The Delhi state government, as a new step toward prohibition, has cut down the drinking hours in night clubs and hotels. An order puts a weekday curfew of midnight and a Saturday night curfew of 1 a.m. on drinking. Previously bars were permitted to serve drinks an hour longer. Delhi already observes dry Tuesdays each week.

The Once Over

By H. I. Phillips

Real News Newsreel

Gino Prato, Bronx shoemaker, who decided to take the $32,000, is reported resting as well as could be expected after the prolonged strain, although we feel he can be but the shell of his old self. Contestants who come back only a second time for sums as small as $200 lose weight and vigor.

We have seen many a man and woman age perceptibly on a single program between the question "In what state is Chicago located?" and "What was the last name of Napoleon?" Hence the fact that Mr. Prato is up and about shows he is extra rugged.

His father's cable, broadly translated read: "What do you want, the mint? Grab the thirty-two and the first boat for Italy."

—:—

INCIDENTALLY WE THINK that if Ike is smart he will name Mr. Prato as ambassador to Italy, replacing Mrs. Luce. What jackpot did she ever win? The lady is doing well over there, but Gino has become the greatest bond between Italy and America. After all, in the fight to keep my country on our side not enough has been done to emphasize that the free world leads in jackpots.

In what land except America can millions groan because a man has had to wait four weeks to make $32,000? As a matter of fact we believe that if Eisenhower declines to run for President, the Republicans can win with Prato. There's a man who has charm, poise, a winning personality and a balanced economy. We have never had a President who could repair his own shoes.

—:—

THE DELIGHTFUL COBBLER is sure of a Hollywood contract, we think, possibly in a film called "Life With Leather," "Categories on a Hot Tin Roof," "Three Barrels of Coins in a Fountain," "Inherit the Windfall," "Farewell to Shoes," "Mr. Prato Goes To Town," "The Gold Rush", or "The Music Master."

Our vote for the fastest worker in "The $64,000 Question" goes to Miss Jean Thompson of Woodbury, Conn., who came on for eight minutes, quit early and rode off in the Cadillac, fresh as a daisy and nonreturnable.

—:—

MANY A PADDED CELL is occupied by TV viewers who tried to follow Gino Prato, the Dodgers versus the Giants and the Yanks-Red Sox game all on at the same time. . . . In our home a visitor got so confused he wound up yelling "Stengel should of gone for the big dough no matter what his father said," and "Prato threw it away when he sacrificed instead of going for the fences."

"TO THOSE WHO DRAG their feet I suggest in all seriousness that they seek other employment."—New York's new police commissioner to the officers of the force. . . . Hot dogs, or nothing, in other words.

Saratoga has a new $300,000 Museum of Racing. . . . We assume it includes a plaster model of the earliest Stevens frankfurter, a cigar stub left by U.S. Grant on the spacious veranda of the old United States Hotel, an old racing program marked by Trixie Friganza, some plumbing from the famous Grand Union and the coil of rope we once sat up all night looking at as we meditated on its use in case of fire.

"Whatever it was that Van Druten was attempting to say in 'I am a Camera' is not apparent in the film. It strikes us as insensitive, superficial and plain cheap," says one top New York movie critic. "'I am a Camera' is an honest adaptation of the Van Druten play directed with taste," says another. . . . (Ya pays your money and ya takes your cherce.)

England is holding a Miss Coal Industry beauty contest in which the contestants are "Miss Area No. 7," "Miss Area No. 8," etc. . . . If that doesn't de-glamorize a chick, what can?

"Happy" Chandler won the gubernatorial primary in Kentucky which may prove that baby-kissing is still a passkey to high office and that any man can snap out of a terrible baseball slump.

EUB Ministers Here Returned For Next Year

Among changes in pastorates made at sessions of the Ohio-Sandusky Conference of the Evangelical United Brethren Church at Camp St. Marys, a former Marion pastor, Rev. Garrison Roebuck, was appointed to a new Lima mission congregation.

He will be pastor of the Forest Park EUB Church there. Leaving Marion in 1947, he has been engaged in evangelistic work since that time and has lived at Rockford. Close of the conference was Sunday. All Marion EUB pastors were returned to their pulpits for another conference year.

New pastor of the Cardington Center and Fairview Charge is Rev. L. G. Crew who comes from Bellville. The former pastor, Rev. Burton Crosby, was moved to Hoytville. Mt. Zion Church near Bucyrus will have Rev. Floyd Miller as pastor.

An administrative change included by the conference was the naming of Rev. O. E. Johnson of Upton Avenue EUB Church in Toledo to be superintendent of the North District replacing Rev. F. E. Firestone who retired. Rev. V. H. Allman remains as superintendent of the South District.

Returned to their pulpits here were Rev. John C. Searle Jr., First EUB Church; Rev. C. R. Wendell, Calvary Church; Rev. H. V. Falor, Oakland; Rev. L. H. Harris, Greenwood; and Rev. A. E. Clark, rural Salem EUB Church.

13 Hurt in Flash Fire On Pittsburgh Trolley

PITTSBURGH (AP) — A jolting blast and a flash fire injured 13 persons today aboard a trolley, carrying them to work in downtown Pittsburgh. None was believed seriously injured.

Police said a short circuit in the trolley wiring apparently caused the trouble. Many of the passengers were injured while crawling through shattered windows.

Brick Company Sold

ALTON, Ill. (AP) — Sale of the Alton Brick Co. to Charles J. Schott Inc. of Cincinnati, Ohio, subject to approval by stockholders, was announced yesterday.

The Alton firm has about 250 employes and operates plants here and in St. Louis County, Mo.

Traffic Cases In City Court

Twenty motorists were fined a total of $470 in Marion Municipal Court when they appeared to answer traffic violation charges.

Heaviest fine was levied against Lucius Sims, 18, of 1020½ N. State St. He was fined $100 and costs and given a three years' suspension of his driver's license when he was found guilty of leaving the scene of an accident. Unable to pay the fine, he was committed to county jail.

A fine of $50 and costs and a one-year suspension of his driver's license was levied against Julius T. Walker, 28, of 204 Fleetwood St. who was found guilty of speeding in the city limits.

Two drivers forfeited bonds when they failed to appear Saturday. They were Rex Miller, 29, of Detroit, Mich., who had been charged with speeding, and Laurence W Oven, 33, of Flint, Mich., who also was charged with speeding.

Robert L. Frazier, 26, of 720½ Wood St. was fined $25 and costs for speeding.

All other drivers were fined $15 and costs each. They were: Raymond Hosey, 19, of near LaRue, reckless operation; Raymond H Skatzes, 29, of 566 Henry St., failure to signal a turn; Denver R. Dolin, 38, of Bucyrus, failure to have an assured clear distance; Harold C. Patrick, 42, of near Marion, reckless operation; James R. Galloway, 29, of 131 N. Greenwood St., failure to yield the right of way; George R. Cochran, 26, of Mansfield, no operator's license; Robert O Messenger, 28, of 191 Plymouth St., failure to have an assured clear distance; Harley E. Ault, 67, of near Caledonia, failure to yield the right of way; Frederick P. Yost, 23, of 183 Silver St., failure to have an assured clear distance; Billie Phillips, 23, of 458 Decatur St., illegal parking; Charles Johnson, 24, of near Delphi, Ind., crossing a yellow line, fine and costs suspended; Ted Stanley, 43, of Bucyrus, speeding; Robert L. Gregg, 24, of 625 N. State St., illegal parking; Russell W. McCane of 186 S. Main St., no operator's license, and Lon Earl, 19, of near Marion, failure to have an assured clear distance.

Juvenile Court Cases

Two youths appeared Saturday and this morning in Juvenile Court on traffic offenses.

Harley Holt, 16, son of Mr. and Mrs. Bliss Holt of near Waldo, was fined $10 and costs on a charge of operating an automobile without registration or license plates, when he appeared before Judge Edward J. Ruzzo Saturday morning.

Daniel Edward Snyder, 17, son of Mr. and Mrs. Harry Snyder of near LaRue, had his driving rights restricted to business purposes only until he reaches the age of 18. He was charged with failing to obey a stop sign.

District Traffic Arrests

Four persons were arrested outside of Marion County over the weekend by state highway patrolmen from the Marion post.

Owen C. Allen, 31, of Dayton, and Gerald H. Swedlow, 19, of Columbus, were each fined $15 and costs on charges of excessive speed when they appeared before Mount Gilead Mayor Emery Murphy.

Bruce K. Eiferd, 41, of East Liverpool, was fined $15 and costs on a charge of passing over a yellow line, and Tillman Blackman, 32, of Dayton, was fined $10 and costs on a charge of passing over a yellow line, when they appeared before Mayor Murphy.

The office grouch isn't too huffy about sports shirts and shorts for men, but he insists that no man looks right smoking a cigar unless he is fully dressed.

MISS ILLINOIS. Helen Cox, 20, the 1955 Miss Illinois, expects the ears as well as the eyes of the judges to give her a chance in the Miss America contest at Atlantic City. A resident of Oak Park, Ill., and a senior at Wesleyan College, Miss Cox has been majoring in voice and is now appearing in summer stock productions at the Chicago Music Theater.

Dalai Lama's Brother Granted Asylum by U.S.

TOKYO (AP)—The elder brother of Tibet's Dalai Lama has fled his nation's Communist rule and been granted asylum by the U.S. Embassy in Tokyo, it was learned today.

An American spokesman said "He has been in Tokyo about 30 days and will be given a permanent visa to the United States by the end of this month."

He is Tagtser Denprabche, a well-built six-footer and one of his younger brother's close advisers.

The Dalai Lama formerly was the poltico-religious head of his nation. He lost at least a portion of his eminence when the Chinese Communists conquered Tibet in 1951.

Ohio Polio Count Rises

COLUMBUS, Ohio (AP)—The state polio cases in Ohio during the health department reported 94 new week ended Saturday for a year's total of 361. During the same week last year, 108 new cases were recorded for a total to that date of 522.

Brown To Give Indian Mission Group Charter

COLUMBUS, O. (AP)—Secretary of State Ted W. Brown said today he would issue a non-profit corporation charter to Northland Indian Mission, Inc. (2760 Lake Park Blvd.), Alliance.

Incorporators said they sought "to endeavor to bring various Indians of North America to a personal religious experience."

Incorporators in the application were J. Paul Smith and Grace Smith, both of 2760 Lake Park Blvd., and Sylvia Myers, 135 E. Broadway, Alliance. The application was made through the Alliance law firm of F. E. Hunter and Robert R. Hunter.

Other purposes listed in the application were:

"To assist with their educational, medical and social needs; to assist the Indians to raise their standard of living; to acquire land and erect such buildings as are needed to carry out the purposes of this missionary enterprise; to sell, manage, lease. . .the property of the mission and to solicit funds for the above purposes. The operation of the mission are to be exclusively for religious, charitable and educational purposes."

In Alliance today, the Smiths, both Quakers, said the corporation would help them raise funds for the mission they have run for the past 10 years near the Canadian Arctic Circle about 400 miles northwest of Edmonton. Smith said he has worked with Indians and trappers in the wild Peace River area as minister, physician, coroner and collector of vital statistics.
